## CHINA AND RUSSIA FOR CONFERENCE

WASHINGTON (AP)—The Soviet Union and Red China apparently are working on a concerted plan to put maximum pressure on the Western powers to hold a summit conference on Communist terms.

U. S. officials found evidence of this today in the timing of two widely separated but remarkably similar actions within the past two days:

1. Communist China's announced decision to withdraw troops from North Korea this year.

2. An announcement by the Soviet commander in East Germany of plans to reduce the Soviet forces there by 41,000 men.

In the United States view the Soviets and Red China can take these actions at little cost to themselves—indeed they may be necessary for reasons unrelated to a summit conference—yet make a show of relaxing tensions.

Much the same thing happened before the 1955 summit conference, when the Soviet Union suddenly agreed to unification of Austria after years of stalling.

By such means, as well as by the letters which Soviet (Turn to Page Seven)

## Leopold Granted A Parole by the Illinois Board

By CHARLES WHALEN  
SPRINGFIELD, Ill. (AP)—Nathan Leopold, surviving member of the Loeb-Leopold thrill murder team of 1934, was granted a parole today.

The Illinois Parole and Pardon Board's announcement said Leopold has been granted "a definite sentence parole."

It added that the location and occupation is to be investigated by parole supervisors immediately.

Roger Touhy, onetime Chicago gang leader who is doing a stretch for kidnapping and a prison break-out, was granted a parole. His parole on the kidnapping charge makes it possible for him to be freed in August 1959.

The ruling on Leopold meant he can get out of prison after investigation of his arrangements for a job and a home. The division of parole supervision handles the investigation. There was no indication how long that would take.

## Stretcher Teams Return Plane Crash Victims

NAPLES, Italy (AP)—Stretcher teams today began carrying down the bodies of 16 U. S. servicemen killed when an Air Force transport slammed into the side of Mt. Vesuvius.

Battling ice-coated lava topped with more than foot of snow, the stretcher-bearers brought the bodies to a little column of cars that waited by the roadside two miles from the crash site.

The burned and scattered wreckage of the twin-engine C47 was spotted only a few hundred feet from the top of the 3,891-foot volcano. There were no survivors.

## Party Leaders Do Not Agree On Time for Business Upturn

WASHINGTON (AP)—Democrats and Republicans appeared to be retreating in opposite directions today on the politically potent issue of when a business upturn will occur.

An administration spokesman described as a "mistaken impression" the general interpretation that President Eisenhower, in a statement last week, predicted a business upturn in March.

Meanwhile, congressional Democrats got some private estimates that "real" unemployment may be considerably less than the government's 4½ million figure—perhaps less than half that, with the remainder merely changing jobs or otherwise temporarily out of work. The advice was based on

## Sylvania Plastic Plant Praised

Sylvania advance billing of its Lexington Avenue plastic plant as "the most modern in the world" received verification when a group of nine distinguished executives of the German plastics industry toured the plant. In the picture above, June Brown explains the use of plastic tips she is inspecting. The group, which represents West Germany's leading manufacturers of plastic products of all kinds, are spending a month in United States meeting leaders in the field of plastic technology and visiting the facilities of America's leading plastics manufacturers. One of the group, Dr. Karl A. Zohrer of Battenfeld Maschinentfabriken in Meinerzhagen said, "I have visited many thermosetting and injection molding facilities in this country and in Europe, but none of them can approach the techniques and methods used by Sylvania in Warren. This is really a modern plant." Also with the group was J. D. Parson, production controller of the Solartron group, Surrey, England, who is visiting all of Sylvania's divisional headquarters as the winner of the Schofield Travel Scholarship, awarded annually by the British Institution of Production Engineers.

## Good Progress Being Made In Clearing Highways of County

Highway superintendent Chester Walker announced today that with the help of ten hired bulldozers, all county roads should be opened by Friday at the latest.

Nineteen back roads were still reported snow-clogged this morning but the added push of dozers was expected to clear the majority of them by this evening. Drifts ten to fifteen feet high are common.

Snow finally stopped falling yesterday but not before another 7 of an inch had brought the accumulation on the ground to 15 inches in the borough. Temperatures rose to 21 degrees above zero Wednesday afternoon.

## Federal Reserve Board Increases Lending Capacity

WASHINGTON (AP)—In a new antirecession move, the Federal Reserve Board has acted to increase the lending capacity of its 6,400 member banks.

The board did this yesterday in lowering the reserve requirements of the banks by one half of 1 percent. For some banks, the action is effective a week from today. For others, it takes effect March 1.

The reduction will release about 500 million dollars from reserves which the banks are required to hold against demand deposits.

This is expected to broaden their lending capacity by about three billion dollars under a banking theory that each dollar freed from reserve generally yields six dollars in lending capacity. According to this reasoning, money loaned by a bank usually is redeposited eventually either in that bank or another institution. Much of the deposit can be loaned again, with the process being repeated.

Warren County townships which needed extra dozers have for the most part already hired them.

Northern Area and Brokenstraw Joint School systems have decided not to reopen until Monday. Also closed until then is Plank Road School in Watson Township, and the Scandia School.

Predictions called for decreasing amounts of snow and temperatures above freezing by the weekend. However, long range predictions stated vagaries of the jet stream would keep winter weather in a turmoil for another 30 days.

Yesterday afternoon County Commissioner Chairman Blain Mead received a telegram from Governor Leader's office, declaring a state of "extreme emergency" and "empowering the governing bodies and executive officers of all counties, cities, boroughs, towns and townships to employ men, rent equipment and enter into such contracts and agreements as may be necessary to meet the current emergency, all without regard to time consuming procedures and formalities prescribed by law, mandatory constitutional requirements excepted. All local emergency operations must be financed out of local funds, but normal budgetary restrictions may be waived."

The governor's proclamation called on local government officials to take all necessary steps to meet the situation. The proclamation permits local governments to cut red tape in spending money to fight the state's worst storm in half a century.

The utility said it needs the additional revenue to meet higher operating costs other than recent boosts in the cost of gas brought wholesale from southwestern supplies.

COAST RIVER FLOOD

ORLAND, Calif. (AP)—The 1,200 residents of nearby Hamilton City were evacuated today as more than 400 men battled to save a levee which was holding back the rain swollen Sacramento River. Evacuees were being cared for by the Red Cross and volunteers in this town 125 miles northeast of San Francisco. The river appeared to have reached its crest and there was increasing optimism that the levee would be saved.

Happy townspeople met the train and staged an impromptu celebration under floodlights.

Supplies Delivered to Residents of Patton

PATTON, Pa. (AP)—Thanks to hard-working railroad and highway crews, enough food and fuel was on hand today in this western Pennsylvania mountain community to supply the 3,000 residents who had been isolated four days by deep snow drifts.

All approaches to the town had been sealed off since Sunday by one of the winter's worst storms. One road finally was opened to one-way traffic.

Last night a supply train of two boxcars and a tank car battled its way through. All the power of five diesel units was used to grind 18 miles from Cresson to Patton in two hours. The trip normally takes an hour.

Happy townspeople met the train and staged an impromptu celebration under floodlights.

## Committee Okays Debt Ceiling Hike

WASHINGTON (AP)—The Senate Finance Committee approved today the full five billion dollar boost in the debt ceiling asked by President Eisenhower effective until June 30, 1959.

It did so after rejecting, by a vote of 10-5 a proposal by Chairman Byrd (D-Va) to limit the increase to three billion.

The committee acted on a bill passed by the House a month ago, 328-71, to raise the amount of the debt the government can have outstanding.

The increase is from 275 to 280 billion dollars.

Byrd said he would not push on the Senate floor his move to hold the increase to three billion dollars.

"I made my fight in the committee," he said.

The senator said he expected the bill to come up on the floor early next week. The Treasury has been pressing for quick action because the current period is one in which its cash position is tightest.

Byrd said "I am confident the Senate Finance Committee approved the increase in the debt limit only because of its belief that the administration had overestimated the income for the next year and underestimated the spending."

## Dem Policy Committee To Meet Next Month

CLEARFIELD, Pa. (AP)—State Democratic Chairman Joseph M. Barr says the party's policy committee probably won't slate candidates for the May primary until it meets next month in Harrisburg.

Barr made the comment yesterday following the second in a series of regional meetings attended by party leaders from Clarion, Jefferson, Indiana, Clearfield, Centre and Blair counties.

He said the party leaders indicated scattered preferences for a statewide ticket. There was no indication which names were discussed at the session.

The regional meetings, Barr said, are designed to encourage Democratic voter registration and to get county leader's sentiments on possible candidates. The Republicans are conducting similar meetings.

The next Democratic session will be held Tuesday at Allentown.

## United Natural Gas Rate Hike Suspended

Harrisburg, (AP)—The Public Utility Commission has suspended until Aug. 25 a proposed \$1,520,000 annual gas rate increase sought by the United Natural Gas Co., Oil City.

The commission said it ordered the delay to give it time to investigate the justification of the increase. It would have been effective Feb. 25.

The boost would affect 83,300 customers in 14 northwestern counties.

United's proposal drew a number of protests, including those from the cities of Sharon, Farrell, Meadville, Titusville, Oil City and Franklin and the boroughs of Ridgway and Sharpville.

The utility said it needs the additional revenue to meet higher operating costs other than recent boosts in the cost of gas brought wholesale from southwestern supplies.

Service is furnished by United in Armstrong, Butler, Cameron, Clarion, Clearfield, Crawford, Elk, Erie, Forest, Jefferson, McKean, Mercer, Venango and Warren counties.

## Jaycees' Auction Sale Is Postponed

Carl Mazza, JC Auction general chairman, announced late this morning that due to collection difficulties in bad weather the JC Auction originally scheduled for Saturday in Beatty Cafeteria has been postponed a week. JCs are still accepting items donated for the fund raising sale by answering calls at 2589. Auction is now scheduled for 3 p. m., March 1.

## Murphy Assigned As Mediator for Tunisian Dispute

Tunis, (AP)—Tunisian-French relations took another turn for the worse today. The Tunisian government charged French soldiers invaded a government building in southern Tunisia and kidnapped a Tunisian official and two soldiers.

The French government said the Tunisians were only sought out for questioning after the blowing up of a French military jeep by a land mine. The French Embassy added that the Tunisians were released this morning and it considered the incident closed. Two French soldiers were reported injured in the jeep explosion.

The incident occurred yesterday at Remada, a town of about 400 in southern Tunisia, where a small French post is located.

WASHINGTON (AP)—Robert Murphy, the State Department's top hand at mediation, took charge today of U. S. efforts to settle the French-Tunisian dispute.

The State Department announced Murphy will go to London, Paris and Tunis shortly, starting by this weekend.

The deputy undersecretary was designated by Secretary of State Dulles to represent the United States in joint U.S.-British attempts to end the dispute. The crisis was provoked with the French bombing Feb. 8 of a Tunisian village near Algeria, where French soldiers have been fighting a rebellion for three years.

"The United States hopes to be able to offer affirmative suggestions to advance the objective of a peaceful and equitable solution," the announcement said.

There was no advance word on what these suggestions might be.

## Holdup Man Faces Trial in United States Dis. Court

PITTSBURGH, (AP)—Robert C. Rose, 35, of Parker, Venango County, faces trial in U. S. District court on an armed robbery charge in the \$10,211 holdup last October of the Rural Valley bank near Kittanning.

He was one of 45 western Pennsylvanians indicted yesterday by a federal grand jury on a variety of charges.

Indicted on income tax evasion charges were Franklin S. Patton, 82, an Erie manufacturer, and Jay B. Peterson, 55, a Youngwood funeral director. Patton is accused of evading \$7,400 in taxes and Peterson allegedly evaded paying \$2,900.

Mrs. Mary E. Furst of Johnstown also was indicted on tax charges. Her husband, Alfred, pleaded guilty last fall to evading \$97,801 over a three-year period, was fined \$22,500 and placed on two years' probation.

Furst said his returns were made up from books kept by his wife.

Mrs. Frances I. Frye, 26, of Box 14, Clark, Mercer county, was accused of embezzling post office funds.

Five persons arrested by Treasury agents in a recent raid in New Kensington were indicted for failure to purchase the \$50 federal wagering tax stamp.

They are Mike Zervos, 61, Cathy Pojner, 21, Madeline Marcoun, 39, all of New Kensington; Jo Ann River, 18, of Harwick; and Wilford W. Burgart, 54, of New Kensington, R. D.

Ive Beres, 30, of Ambridge, was charged with violating the immigration laws by entering the country illegally.

## PROGRAM PROVIDES FIVE-CENT CHARGE ON LETTERS FOR NEXT THREE YEARS

Washington, (AP)—The Senate Post Office Committee voted today to raise postal rates by about 750 million dollars a year, including a five-cent charge for non-local letters for the next three years.

The committee voted to recommend to the Senate a considerably higher total rate boost than passed by the House last year.

Nearly all of the extra revenue would come from boosting the rate on intercity letters to five cents, instead of four cents on all letters as the House provided.

The present letter rate of three cents has been in effect 26 years.

The committee vote was a victory for President Eisenhower, who asked the Senate to amend the House bill to include the five-cent rate. However, the administration asked that this be made permanent and not for just three years as the Senate group voted.

The vote in favor of the five-cent stamp was 7-6 and Chairman Olin D. Johnston (D-SC), who opposed the move, told reporters a fight would be made on the floor to hold the letter stamp to four cents.

## Los Angeles Area Has 2.32 Inches of Rain

LOS ANGELES (AP)—A hit-and-run storm dumped 2.32 inches of rain in 12 hours, swamped cars, flooded homes and streets, closed more than 100 schools and caused widespread damage yesterday.

Drying out and mopping up under partly cloudy skies today, soggy Angelinos beheld up to 24 inches of new snow visible at 3,500 feet on nearby mountains.

Damage was estimated at perhaps a million dollars to a partly built, \$5-million-dollar city power generating plant.

Nine Inglewood factories were closed.

At least 20 families were temporarily evacuated from flooded homes in Manhattan Beach, Hermosa Beach and Torrance; in many cases by shifts plied over streets turned into deep lakes.

## Chinese Reds Promise Withdrawal in Year

TOKYO (AP)—The Chinese Communist army in North Korea announced tonight it will withdraw from North Korea within the year "but will come back if any new aggression occurs in Korea."

Pyeongyang radio also quoted a "Chinese volunteers headquarters" declaration that "We demand all foreign troops, including the Americans, also withdraw from South Korea."

The U. S. State Department took the view that the move was long overdue—seven years after withdrawal had been demanded by the U. N.

There has been no indication the United States would withdraw its two divisions unless the Communists agree to free U. N.-supervised elections to unify Korea.

## BELL CO. HEARING

HARRISBURG (AP)—Bell Telephone Co. of Pennsylvania is now paying higher interest rates on capital it borrows for expansion than it did in 1956, an official of the American Telephone and Telegraph Co. said yesterday.

Earl A. Conrad, assistant treasurer of AT&T, made his statement before the Public Utility Commission in support of Bell's request for a \$2,772,000 a year increase in installation charges. Further hearings on the request were set for March 26-28.

## Missing Pleasantville Boy Located by Picture in Paper

PLEASANTVILLE, Pa. (AP)—A picture and story in a New York newspaper led to the finding of William Howard Taft, 18-year-old Georgetown University student who had been missing from his rooming house in Washington for two weeks.

Taft is the son of Howard Taft of Pleasantville, Pa. His mother said he is a distant relative of William Howard Taft, the nation's 27th president.

Mrs. Taft said a man she identified as a Mr. Redding called her from New Orleans Tuesday. She said Redding told her he recognized her son in New Orleans through a picture and story he had seen in a New York newspaper.

The elder Taft was reunited with his son in New Orleans, according to Mrs. Taft, and they were expected to return to Pleasantville next week after spending a few days at Daytona Beach, Fla.

Georgetown friends quoted young Taft as saying he was afraid to go home after flunking out of school.

#### CENTERVILLE FIRE

Fire destroyed the Clyde Gilson home at R. D. 1, Centerville, about a half mile east of Five Corners in Rome Township, Monday morning. Little was saved. The Centerville Volunteer Fire Department responded about 10:30 a. m. to the call but the truck could not get to the house because of snow four feet deep in the driveway leading to it. The house is about 1,500 feet from the highway, and fire trucks were unable to travel to the frame dwelling. Dennis Coyle said. Firemen made their way on foot from the truck to the house, but the building was "too far gone" to be saved. A Model A Ford pickup truck near the house also was destroyed by the flames.

#### KANE FACES SHORTAGE

With continued zero weather prevailing in Kane residents of that area were faced with the first serious shortage of gas the first of the week. Despite the length of the present cold spell, Monday marked the first time during the current year that gas supplies were not sufficient to meet the needs of all the residents of the community. Most sections of the town were still receiving ample gas but the west side of town was reported as being short of gas in many homes. Some curtailment in factory employment was reported when temperatures dropped below 65 degrees in the industrial buildings. The Kane Gas Co. warned all residents to watch equipment to avoid danger in case pressure drops suddenly in the lines resulting in pilot lights going out of automatic space heaters or side arm hot water tanks.

#### Industrial Division Workers Are Announced

(Red Cross Press Release)  
Edward A. Ryberg, chairman of the Industrial Division of the 1958 Red Cross Fund Drive in Warren county, announced today the names of the workers in his division. Those working with Mr. Ryberg on the solicitation are Lewis P. Davis, K. Earl Abel, Alfred Lauffenberger, Carl R. Elmquist, Robert E. Dunham, David C. Levine, and Richard Betts. The solicitation of industrial firms in Warren County will take place from February 21 through February 28.

In announcing the workers in his division, Mr. Ryberg stated "The industries in Warren County have always been generous in their support of the Red Cross. Their cooperation and interest in such programs as the Bloodmobile and first aid instruction is most gratifying. I am sure that industry's continued support will materially aid us in reaching our 1958 goal of \$26,300."

### Schools May be Required to Teach More Science in '59

By LEONARD A. UNGER  
HARRISBURG (AP) — A state official said today Pennsylvania schools would likely be required to teach more science, mathematics and English starting next September.

Dr. Paul Glatzert, chief of curriculum field services, said the public instruction department is ready to recommend a beefed-up curriculum to the State Council of Education.

"The mandate is pretty clear," Dr. Glatzert told a newsman. "There is a substantial demand for higher minimum standards in these courses."

He referred to overwhelming sentiment expressed during Gov. Leader's conference on education last month.

At present, there is no statewide requirement to teach mathematics or science in high schools although most school districts give such courses if only to fill college entrance requirements.

The state council requires that a high school graduate have at least two years of English, two years of social studies and one

year of physical education. Local school boards fix additional standards.

Dr. Glatzert said the council would be asked at its next meeting Feb. 26 to impose a requirement that all high school students be taught at least a year of mathematics and a year of science.

In addition, a third year of English and a third year of social studies also are part of the proposed recommendation, Dr. Glatzert said.

"We hope to bring about these new requirements in time for the next school year," he said. "It would appear that members of the high school class of 1959 likely would have to meet them."

The official said a host of details would have to be worked out on specific courses.

For example, Dr. Glatzert explained, three different mathematics courses might be offered. One would be a basic course, another somewhat advanced and a third even more advanced. Students would be assigned to the course to which they were best equipped mentally.

### Celebrated Blanche Sweet Appears on Climax Program

HOLLYWOOD (AP) — Blanche Sweet, once a movie goddess of the highest order and now a clerk in a department store, will make her first appearance before a Hollywood camera in nearly three decades tonight.

The celebrated blonde heroine of the silent screen will return as a bit player in a nationally televised drama, "Secret Love of Johnny Spain," on the CBS Climax show.

She says this first step away from self-imposed obscurity may lead to more appearances before the camera, a device that had not long been united with sound when she left Hollywood.

Miss Sweet is now 62. "It's quite possible other things will come up," she confided with a trace of excitement. "We have tentative plans, but nothing definite yet."

It was in 1930 or thereabouts when Blanche made her last picture, "Silver Horde," with Jean Arthur. This was only her third

talkie. She had devoted almost her entire career to achieving dramatic effect without saying a word, and had done nicely without sound.

"After I left Hollywood in the early 30s," she said, "I did several plays in New York."

She returned to southern California 10 years ago and has spent most of her time since as a housewife. Her husband is actor Raymond Hackett.

"I haven't done anything in show business since I've been back," she said.

About three years ago, she got a job in the gown shop of a leading Los Angeles department store, "much against the wishes of my husband."

Television producer Edgar Peterson induced her to play in tonight's show.

"I don't know exactly what it was that convinced me I should try it again," she said. "It could have been anything. Maybe it was the Explorer (satellite)—giving me an adventurous urge."

#### Letters to Editor

Kinzua, Feb. 18, 1958

#### TO THE TAXPAYERS AND PARENTS OF KINZUA:

In view of the recent break-in and destruction caused to the Kinzua grade school, we wonder where the Kinzua school board is. Since this is not the first time this has happened and no action has been taken against the culprits at any time, we are beginning to wonder why something has not been done to curb this vandalism.

We were under the impression that one of the functions of the school board is to prevent further destruction and havoc of this kind which through the years has cost the community of Kinzua a considerable amount of money.

We understand that some of the parents of the children involved are quite concerned over the actions of their children, and are willing to make restitution in this matter, where other parents have completely ignored the facts brought to them by the Board.

WHY is our school board afraid to bring action against this matter? Especially in view of the fact that certain names have been supplied to the Board. Do they feel they are being kind to these children, don't they realize that they are just giving them a chance to do further harm to themselves as well as to their community?

We feel the Board has been more than fair to these people and have given fair warning and consideration to the parents and children.

Now Board let's have some action and do away with this needless destruction, expense and dishonesty, not only for the good of our community, but also for the good of those involved.

Two Interested Taxpayers.

#### Reward for Returning \$10,750 Issue in Court

SACRAMENTO, Calif. (AP)—How much reward should a man get for finding \$10,750 in cash and returning it to its owner?

Superior Judge Jay L. Henry expects to answer that question for Everett D. Nibelink on Feb. 28.

Nibelink, operator of a safe company, purchased an old safe for \$80 from the estate of the late Peter J. Huth, wealthy rancher.

In it, he found \$10,750 in currency. He turned it over to Thomas E. Marchand, executor.

Marchand asked the judge to decide the amount of Nibelink's "reasonable reward," as authorized by state law.

## Farm Conservation Work in The State Makes Progress

Long-range farm conservation work in Pennsylvania made steady advances in 1957, according to Ivan McKeever, state conservationist, Soil Conservation Service. More than eighty percent of the State's farmland is now located in counties having soil conservation programs sponsored jointly by the federal, state and local governments.

State-wide conservation measures are being carried out through forty-eight soil conservation districts. Each district is managed by unsalaried local farmers who plan and guide their programs on a county-wide scale. On-the-farm conservation planning assistance is given to cooperating

farmers by the Soil Conservation Service.

During the past year the Soil Conservation Service assisted thousands of farmers in developing and carrying out long-range conservation programs.

McKeever said, "Advances in soil conservation are good business practices for the urban dweller as well as for the farmer. In addition to insuring the future supply of soil and water resources, the conservation work of farmers will result in a sounder county, state and national economy."

McKeever cited the following facts on Pennsylvania farm conservation work:

Over a half million acres of contour strip cropping have

been applied to help hold the soil and water on the land. Farmers have established more than five thousand miles of terraces to protect their land from washing.

Thousands of farm ponds have mushroomed all over the state and are providing water for livestock and small-scale irrigation.

Eroded hills, gullies and non-agricultural lands are being covered with millions of trees and wildlife shrubs for soil and water protection and improvement.

A half million acres are now under planning for complete watershed conservation and flood prevention work. To the farm and non-farm family complete watershed conservation promises better hunting, fishing, more dependable water supply, less frequent flooding and a more permanent agriculture.

## American Public Deceived By Cigarette Manufacturer In Filter-Tip Advertising

WASHINGTON (AP) — A House committee report says that the cigarette manufacturers have deceived the American public through their advertising of filter-tip cigarettes.

Although the giant industry has denied health hazards from smoking, the Government Operations Committee said, it has made these charges appear true by implying filter tips remove alleged causes of cancer and heart disease.

"Actually, most filter cigarettes produce as much or more nicotine and tar as cigarettes without filters," the committee added.

The committee rapped the Federal Trade Commission for what it said was a failure to police against deceptive advertising while the public became "brainwashed that filters would furnish health protection."

The committee spoke by adopting a report made by a subcommittee headed by Rep. Blatnik (D-Minn.) following hearings last year. The report had not previously been made public.

The committee quoted public statements from medical experts but advanced no conclusions itself on any relationship between smoking and cancer.

The report did say the tobacco industry apparently conspired to boycott subcommittee hearings though invited to testify. "It is reprehensible that the tobacco industry should so shirk its responsibilities to the consumer," the committee said.

The tobacco industry's sales run higher than five billion dollars a year, its taxes total more than 2½ billions, its annual advertising spending tops 100 million dollars, the report said.

"Following the reports linking cigarette smoking and lung cancer, cigarette sales in 1953 dropped for the first time in 21 years," and the cancer reports

were "responsible" for a 1953-54 dropoff and an industry recouping since with "filter tip as king" leading the way, it added.

When many smokers first didn't like the taste of their filtered smokes, the report said, the manufacturers loosened the filters and put in lower grade, stronger tobacco allowing more smoke particles to get through—and still charged two to six cents more a pack.

"The filter cigarette smoker is, in most cases, getting as much or more nicotine and tar from the filter than he would get from the regular cigarette the advertisers have persuaded him to abandon—for his health's sake," the report said.

The report added that filter-tip cigarettes accounted for only 1.4 per cent of cigarette sales in 1952 but by 1957 had increased to 40 per cent.

They said this about various brands:

Kent, made by P. Lorillard Co., introduced a "micronite filter" whose smoke produced only 1 milligram of nicotine and 9 milligrams of tar, according to consumer reports in 1953. Kent advertised that its "protection is priceless." A 1957 test showed nicotine content more than doubled and tar content almost doubled.

L&M, made by Liggett & Myers, introduced the "miracle tip" filter in 1954 with the claim of "more flavor less nicotine." In 1955 L&M tested 1.5 milligrams of nicotine and 11 milligrams of tar. By 1957 it showed an increase of nearly 70 per cent in nicotine and more than 33 per cent in tar—then announced "the miracle of the modern miracle tip."

Winston, produced by Reynolds Tobacco, in 1955 claimed "filters so effectively" tested at 3.1 milligrams of nicotine and 20 milligrams of tar. By 1957, "with an exclusive filter, snowy white and pure" the count was 3.8 milligrams of nicotine and 22 milligrams of tar.

All of the major producers followed suit, the congressmen said, but they did applaud "the candor of Philip Morris' current slogan 'No filter—no foolin'."

## JACOBY ON BRIDGE

### SOUTH STAMPEDES TO SMALL SLAM

By OSWALD JACOBY  
Written for NEA Service

South's leap to six diamonds was in the nature of a stampede bid. He really expected to stampede East and West into defending at six hearts or seven clubs. Much to South's surprise they not only did not defend but East had the temerity to double him.

West decided that his partner's double was a normal one and not lead-directing, so he opened the king of clubs. South trumped and noted that he had to lose a trick to the ace of diamonds and afterwards would have an almost certain loser in hearts.

He also noted a slight chance to bring home his contract. East was marked with the diamond ace for his double. Maybe East had only one heart.

South cashed the ace and king of spades and led a heart to dummy's ace. His next play was to ruff the jack of spades

in his own hand.

Now he was ready to throw East in and led a diamond. East was in and as you can plainly see had no way to avoid giving South a trick. A spade lead would allow a ruff in dummy and a heart discard. The ace of clubs lead would establish dummy's queen.

East did have one last shot in his locker. He led the jack of clubs in the vain hope that South would play West for the ace. Needless to say, South did not fall for this. The bidding had marked East with the ace of clubs, so South discarded his heart right then and there.

**HIGH COST OF HEART DISEASE**  
With diseases of the heart and circulation accounting for more than 800,000 deaths each year, or about 54 per cent of all deaths, the humanitarian considerations underlying the need for generous support of the 1958 Heart Fund are clearly apparent.

The story of death and human suffering, however, represents but one side of the coin. On the other side is the story having to do with the dollar-and-cents cost of heart disease, which is staggering.

At least 650,000 man years are lost to industry each year due to diseases of the heart and blood vessels—the equivalent in earnings of more than \$3 billion, and a loss in federal income tax revenue of nearly \$400 million.

Production losses created by these diseases far exceed those growing out of labor stoppages in any given year, and are about three-fifths of those caused by one-the-job accidents.

Whether it be in the factory, the office or the home, heart disease strikes ruthlessly, leaving in its wake not only human suffering but also serious economic loss.

So it follows that the fight against heart disease is everybody's concern. It is the fight of industry, business, labor, the family and the individual.

Our best hope of achieving victory over the heart diseases, with a reduction in the toll of lives as well as in economic waste, rests with your Heart Association and its balanced programs of research, education and community service.

Give generously to the 1958 Heart Fund. Help Your Heart Fund—Help Your Heart.

**TIMELESS WORDS**  
Each year on February 22, we celebrate the birth date of our first President, George Washington.

In observing the occasion, however, we do more than merely honor the man. We remind ourselves of the principles for which George Washington stood. We listen to his words echoing through the decades and we renew our national vigor by repeating them.

In keeping with this practice, we quote the following passage from one of Washington's letters to Alexander Hamilton written more than 175 years ago.

"... by keeping up in Peace a well regulated, and disciplined Militia, we shall take the fairest and best method to preserve, for a long time to come, the happiness, dignity and Independence of our Country."

General Washington knew the Militia, having once commanded a Virginia regiment, himself. More than that, however, he was supporting a principle that already had withstood the test of time in the colonies. The first Militia regiment was organized in Massachusetts in 1636—almost a hundred years before Washington was born.

The National Guard—the 20th Century descendants of the Militia—is still withstanding the test of time: it is proving the validity of Washington's words. Today, the National Guard—Army and Air—is stronger and readier than at any time in its 300-year history. Its nearly 475,000 members, its up-to-date equipment, its high level of training, and its priority combat mission make the National Guard the most important reserve force in America today.

Only last fall the Army National Guard was assigned an active role in the NIKE defense system of the Continental United States, and thereby became the first reserve component in U. S. history to be given operational use of guided missiles. One hundred and one Army National Guard battalions are now training to take over NIKE installations and man them 24 hours a day against a possible enemy air attack.

In its role in the air defense system, the Air National Guard has twenty squadrons, playing an active part in the runway alert program. Each squadron has two jet planes kept in constant readiness, capable of being airborne in five minutes to intercept unfriendly aircraft.

This is the National Guard that fulfills George Washington's promise. In its modernness, it far outstrips anything Washington could have imagined.

Today, as well as in Washington's time, the National Guard help us preserve "the happiness, dignity and Independence of our Country."

**Daily Lenten Devotions**

Read I Corinthians 3:9-17.  
We work with God and that means that you are a field under God's cultivation (I Corinthians 3:9).

People approach the Lenten season in different ways. For some this is the period of self-denial, the time to say "No" to some indulgence. For others, Lent is the season in which to practice the cultivation of "our soul's little garden." ... part of the great garden of God," as Evelyn Underhill has expressed it.

The loveliness of a garden and the usefulness of a man's life do not just happen. Pruning, weeding, transplanting—these need to be done in every garden, and from season to season, if beauty is to follow.

Do not a well-kept garden and a man doing God's will both witness to the love and understanding care used in their development? A charming garden proves that man cares; a life in harmony with Christ testifies to the power of God's love.

**PRAYER**  
Eternal God, Father of all men, may we this day choose to walk with Thee. We know it will exact from us strict discipline, but we understand that only so can our lives be made beautiful and useful in Thy kingdom. Thine shall be the glory; through Jesus Christ our Lord. Amen.

**Here and There**

Old-fashioned winters of 1944-45 are recalled in the following interesting item clipped from page three of Tuesday's Titusville Herald: So you think this cold spell is something, eh, chum? Well, that just goes to prove the shortness of human memory. It's cold all right—the mean temperature for the past 10 days has been 9.6 degrees above zero, which would be normal in Nome, Alaska. What's a mean temperature? Example: yesterday had a high of 4 above and a low of 4 below, so the mean for the day was zero. But a record cold spell—huh! Don't make the weatherman laugh. As recently as 12 years ago this region experienced a winter which makes this one look like a mild morning in May. But first, let's see what the present winter has produced before looking back to 1944-45. To date in 1958 we have had 11 days of zero or below. And, until Route 3 blew shut near Union City yesterday, we were able to travel every direction every day. But go back to the days before A-bombs, H-bombs and sputniks: from Dec. 11, 1944, to Feb. 10, 1945, we had nine solid weeks of winter before the tem-

perature rose above freezing at any time of day or night. We had a total of 50 inches of snow the first three weeks of January, and for three weeks absolutely no highway traffic moved from Titusville to Erie, because of the high drifts south of Union City—Jan. 1 to Jan. 20. That was winter. New we have one or two days and everyone gets excited.

**THE MAINE**  
"A dreamy calm rests on the bay  
Where Morro castle crowns the height—  
A nation's pride and glory lay  
At anchor, in the fading light.

The examinations had been made.  
The captain had put by the keys;  
Grateful was the evening shade  
And not a zephyr stir'd the seas.

Four hundred men retired to rest—  
The night watch lately struck three bells—  
In their slumber once more blest'd  
In dreaming of their native dells.

**WASHINGTON (NEA)—**Famed atomic sub daddy, Adm. Reason is that there's a promising 2-year-old nag named "Rickover" being given daily workouts at the Hialeah track in Florida in preparation for launching on his racing career.

"Don't know whether it's an honor or not to have a horse named after you," the admiral commented to a friend the other day.

"All depends on how many races he wins and how fast he is," the friend advised Rickover.

The summer one will be made out of wet cabbage leaves—cloche type—to keep her head cool and droop over her ears to keep the noise out.

The winter hat, she says, will be made out of folded acoustical tile for noise control with a small electric fan on top to blow away the cigaret smoke.

She says she has but one liver to give to her country, and that it's fast disintegrating due to the social pace here.

#### Y-Teen Grade Groups Select New Officers

The teen-age groups, youngest members of the YWCA, lead off in their second half of the 1957-58 season with new slates of officers and activity plans that should provide an entertaining and worthwhile second semester's program.

Ninth grades have elected the following as their slate: President, Mary Lynn Brown; vice president, Sandra Lundgren; secretary, Barb Gorton; treasurer, Marlene Muscaro; devotions, Dianne Anderson; program committee, Barb Olskey and Judy Sandstrom, co-chairmen.

Judy Coppola is the new president of the Eighth Grade Y-Teen Club, with Linda McKelvy as vice president; Bonnie Brindis, secretary; Jane Lauf-fenberger, treasurer; Karen Smith, devotional leader; Patty Lowe, Mona Morrison, Sherry Wolfe and Marilinn Swanson, program committee.

The youngest group, the Seventh Grade Club, is headed by Jo Ellen Day, president; Marcia Bevevino, vice president; Judy Schager, secretary; Lois Hendrickson, treasurer; Vickie Hammerbeck, devotions; Barb Zaffino, chairman, Lee Ritchie, Kristen Ericsson, Patty Christie and Donna Nelson, program committee.

This last group, at its meeting last week, enjoyed a very delightful Valentine party. Following the business session, a Queen and her Court were selected. Nancy Wert chosen as Queen, with Roberta English, Dotty Lucart, Marcia Bevevino, Mary Fago, Pam Beyer and Coryann Miller as attendants. Following a Grand March, the girls were served cake decorated with tiny red hearts by Mrs. Mable Hendrickson, a club advisor and Mrs. Connie Spaffor, Y-Teen director.

#### An Early Sign of Spring

EL REY SISTERS, AERIALISTS

The Warren Chapter of the Junior Chamber of Commerce is sponsoring the Clyde Beatty Circus in this city at the Warren Airport early this spring. According to Dick Cook, JC President, proceeds will be used for their civic and charitable projects.

Clyde Beatty battling more than 40 lions and tigers will appear at each performance.

More than 150 performers representing the best talent obtainable from the five continents of the world are to be seen with the big show this season.

As a prelude to this circus performance, a gloriously enchanting and stupendous spectacle entitled "La Fiesta," a gorgeous pageant, is unfolded. To those who love fairy lore, it far exceeds in magnificence, brilliancy, gorgeousness and beauty the glories of any spectacle yet staged by this circus.

There will be dancing girls; great companies of trained singers, orchestras of vast size, grand golden-toned organs and

the crash of cymbals. Yet this colossal production which daily amazes thousands, is but one feature of the Clyde Beatty Circus.

The El Rey Sisters, aerialists who work high up in the dome of the "big top" come from South America to amaze and thrill you along with the Loyal Repenski troupe of European thrilling riders. The dancing somersaulting, tumbling wire walker Jean Attilana; the flying Saber Jets aerialists, champions of Argentine and the famous Secupra family of equilibrists. Clowns, headed by Chic Yale, Bozo Ward, Steve Milano and Frank Yale will furnish fun for the little folks. Clyde Beatty's troupe of dancing horses ridden by feminine riders, will be seen.

#### Players' Club Presents

Warren General Hospital Administrator Joseph Williamson gets his theatrical feet wet in the Warren Players' Club third production for this season, the Agatha Christie killer-diller, "Witness for the Prosecution", being directed by Marie Hamilton and produced by Margaret Lewis.

Joe will be seen in his first role when the curtain rises at the Woman's Club at 8:30 p. m. February 27-28, as he steps before the footlights to portray counsel for the defense in the character of Sir Wilfred Roberts, same role which Charles Laughton assumes in the United Artists film release.

Sir Wilfred, one of the principals in this three-act tale of murder and suspense, gives Joe an opportunity to display his histrionic talents to Warren play-goers. His backlog of ex-

perience makes him a natural for the part, in that his interest in dramatics began in early high school days and mushroomed into later success in writing his own shows for the Army ETO and the American Hospital Association.

To add to this versatile background, Mr. Williamson served as interlocutor for various minstrel shows and, in his own words, "enjoyed every minute of his work".

A graduate of Columbia University, Mr. Williamson holds three degrees from his Alma

Mater, BA in 1943, MA in business administration in 1947, and MA in hospital administration in 1949. Celebrating his 10th year as a hospital administrator, he arrived in Warren two years ago to assume his duties at Warren General. He resides, with his wife, Helen, and their son at 50 St. Clair street.

## Grace Church WSCS Has Stoneham Methodist to Meeting And Program Have Week of Services

Mrs. Norman Johnson gave devotion for the February meeting of Grace Methodist WSCS, using the Lenten theme "Christ Is the Answer". Mrs. Johnson asked the group to observe Lent with an increase of personal devotion and reading of more and better literature.

Mrs. Herbert Samuelson, president, conducted the business session, announcing that, due to the Week of Evangelism, the next meeting will be advanced to Tuesday, March 4. On that date an Easter program will be presented by Mrs. Everett Boig, Miss Hilda Angermann and Mrs. Carl Whipple.

Mrs. Matthew Hosie was chairman for the evening's program, presenting a playlet "Brewster Hospital". This institution is located in Jacksonville, Fla., and was established in 1801 for the care of colored people. It is one of 10 hospitals in the United States supported by the WSCS of the Methodist Church. Last year the hospital gave care to over 5,000 patients and over 1,000 babies were born in its maternity ward.

Assisting Mrs. Hosie were Mrs. James Marshall, Miss Martha Bartoo, Miss C. W. Baldwin and Mrs. Warren Paul.

A social hour followed with members of Vera Parks Circle as hostesses. Mrs. Leroy Hamnerbeck, the chairman, Mrs. Phillip Manes, co-chairman.

The congregation of Stoneham Methodist church has announced it is planning a full week of special services to begin this Sunday, February 23rd, at 7:30 p. m. The services are planned climax a program of visitation evangelism being carried out in the community, and everyone is invited to attend.

The special services are scheduled to continue each evening of the week, Sunday through Friday, February 23 to 28, with the Rev. Raymond J. Hurst, pastor of Grace Methodist church of Punxsutawney as guest preacher. He will use the subject, "Deepening the Spiritual Life, as his theme for the week.

Rev. Hurst is well known in this area, having served the Jamestown District of the Methodist church for the first 35 years of his ministry leaving the District in June of 1957, when he was transferred from the Mt. Jewett church to Punxsutawney. From 1929 to 1931, he was pastor of the Kinzua-Corbydon charge. He is the father of the Rev. Reed J. Hurst, president pastor of Stoneham Methodist church and Epworth church in Warren.

Services at Stoneham will receive further help from the music which is planned for them. The Stoneham Choir, under the direction of Mrs. Charles Johnson, will sing Sunday, Wednesday and Friday evenings. Soloists will provide the special music other nights.

### Catering to Boy's Jealousy Only Leads to More Demands

BY MRS. MURIEL LAWRENCE

WHEN Tim's bedtime came, he was very slow about responding to his mother's call.

His father put down his paper and looked over to where his three-year-old son was blandly pretending deep interest in his Interstate Bus. He said, "Hey, you heard Mother. Who do you think you're fooling?"

Then he rose, went to Tim, and scooping him up set him astraddle across his shoulders. Turning to the stairs, he said, "O.K., cowboy. Now let's make for the bunkhouse."

Tim squealed with joy. He squealed with such delight that his older brother came bounding in from the dining room yelling, "Pick me up, too Daddy! I want to be a cowboy, too."

IN the six-year-old face upturned to him, his father saw what we can all see on these occasions. He said, "Just let me get Tim upstairs to Mother, Steve. When I come down, you and I will play a game of Chinese checkers."

On his return Steve was busily arranging the checker board, his face cleared of its look of envious excitement. So his father didn't even have to make the point that piggback though a nice game for a little boy, was not appropriate for a bigger one.

It is our fear of children's jealousy that comes to us to do what the jealousy commands.

This obedience is our mistake.

STEVE's demand for Tim's three-year-old privilege represented dissatisfaction with his own in demanding it, he was really saying, "It is more desirable to be my little brother than to be myself."

Had his father obeyed his jealousy's demand, he'd have left this self-dissatisfaction untouched. And confirmed Steve's belief that it was indeed more desirable to be his little brother than to be himself.

We can never satisfy jealousy by obeying its demands. The more we try to please it, the more insatiable it becomes. For it is really seeking, not a duplicate of its brother's experience, but better appreciation of its own. Thus, though we try to give it what belongs to its brother, it remains as restless, demanding and hungry as ever.

Fear of jealousy in children is what blinds us to this truth.

Philomel Enjoys Music of Chopin

Philomel Club members enjoyed a delightful program dealing with the life of Frederic Chopin, greatest of all romanticists for their regular Wednesday afternoon meeting at the Woman's Club. Mrs. Melvin Keller was chairman.

It was emphasized Chopin's musical ability was evident at an early age and he went on to compose music which took the place of conversation and was filled with poignant longing. The writer wanted to make sure he was replacing the crumbling walls of classicism with something that would be worth while.

Mrs. Keller related many interesting highlights in his marriage to George Sands, which lasted only 11 years, and spoke of his death of tuberculosis at the age of 39, leaving the world with many great compositions.

Members performing his music were Eleanor Slick, Helen Potter, Eleanor Sandblade, Rachel Eaton, Barbara DeFrees, Romaine Ericsson and Marian Wendell.

Tea was served by Mrs. Richard Hansen and her committee, with Mrs. Harry Punskey and Mrs. R. L. Hertzel pouring at an attractive table.

Good Attendance for Altar-Rosary Society

The Altar-Rosary Society of Holy Redeemer church held its monthly meeting in the church hall, with approximately 50 women of the parish enjoying a delicious luncheon served at tables decorated with Valentines and with that motif repeated throughout the hall.

Father M. E. Dailey was a special guest at dinner and spoke briefly. Following dinner, a short business session was conducted by the president, Mrs. Francis Kottmar. Routine reports were given by the secretary and treasurer; Mrs. Marie Osgood and Miss Margaret Scialise were named co-chairmen for a bake sale to be held later.

Following the meeting, a social evening was shared, Datus Lacy entertaining the group with recitation of poetry, accompanied by beautiful slides. Mrs. Kottmar and Miss Margaret McNally were awarded special gifts for the evening.

The following committee is to be commended for the very enjoyable affair: Mrs. John Shaffer, chairman; Mrs. John Valone, Mrs. Ray Gainer, Mrs. Willard Briggs, Mrs. Merle Gaghan, Mrs. Ralph Pasquino, Mrs. Robert Haben, Mrs. V. Kavinski, Mrs. Anna Sears and Mrs. Louis Biacchi.

Date for the March meeting will be announced later.

DAY OF PRAYER SERVICE ON FRIDAY

All in the community are extended a cordial invitation by the Warren Council of Church Women to share in the 72nd annual World Day of Prayer service at 2:00 p. m. Friday in First Baptist church. Wives of local ministers comprise the participants, with a special vocal number by Mrs. Francis Ericsson and Mrs. Everett Borg.

EVENTS IN BARNES

BARNES — Methodist churches of Barnes and Sheffield are co-sponsored for the World Day of Prayer service to be held at 2:00 p. m. Friday in Bethany Lutheran church in Sheffield.

The regular WSCS meeting will be postponed until next month because of evangelistic services which began Sun. evening in the local Methodist church. Guest preacher is the Rev. Fred Morris of Kane, the song leader is Pastor Jack Parsons.

Baptized on Sunday were two infants, Cynthia Ann Lewis and Wilford Franklin Thornton; two adults, John L. Grubbs and Lloyd Haggerty. New members received into the parish were Esther Donaldson, Ralph Donaldson, John L. Grubbs, Shirley Grubbs, Margaret Lewis; also from Sheffield, Beverly Grubbs Ralton, Theresa Valone Thomas, William Barr, Lloyd Haggerty and Francis Northrop.

Graney, Pittsburgh; Walter B., in Puerto Rico; also nine grandchildren; a brother, Edward A. Kennedy, Ligonier.

Funeral services were in charge of the Rev. William C.

Beal, Jr., pastor of the Ligonier Evangelical United Brethren church, and were followed by interment in Ligonier Valley cemetery.

China and Russia

(From Page One)

Premier Bulganin has been writing to President Eisenhower, the Reds can hope to build up worthwhile pressure for summit talks.

They apparently hope that once the talks are started the demands for East-West agreement will be so great that the Western powers will be forced to make concessions to Soviet interests.

Among other things, Bulganin has indicated the Soviet Union would like to neutralize Germany. The Soviets have also made clear they want to break down Western restraints on trade which would benefit their own industrial buildup, and to get some kind of non-aggression pact which might have the long-range effect of weakening the Western resolve to maintain costly defense systems.

U. S. officials are extremely skeptical about the chances of getting any real changes in Soviet or Red Chinese policy on issues proposed by President Eisenhower. These include initial steps to limit armaments, control outer space for peaceful purposes and build up the authority of the United Nations.

Governor Issues

(From Page One)

The governor issued the proclamation yesterday after a conference with state civil defense and highway officials.

Snow drifts 15 feet and higher still blocked some roads in the northeastern part of the state, where the storm struck hardest. The heavy snowfall was blamed for at least 27 deaths in the state.

With the warming temperatures and new freedom to hire workers and equipment, relief appeared near. The governor's action permits municipalities to employ temporary workers, hire equipment, and take other steps to meet the emergency without time consuming formalities prescribed by law under ordinary circumstances.

CARD OF THANKS

We sincerely wish to thank all neighbors, friends and relatives for their many acts of kindness, the sympathy extended us, for the beautiful floral offerings and memorials during our recent bereavement in the death of our mother.

IN MEMORIAM

In loving memory of our wife and mother, Mae Albaugh, who passed away one year ago today, Feb. 20, 1957.

TO OUR WIFE AND MOTHER  
Most of all the other beautiful things in life comes in twos and threes, by dozens and hundreds: plenty of roses, stars, sunsets, rainbows, brothers and sisters, aunts, uncles and cousins, but only one wife and mother in all the wide world.

Sadly missed by husband, Vern Albaugh; sons, Marion, Merle, Alvin, Lloyd and Ray Albaugh and daughter, Beulah Henry.

A.P. DEATH RECORD

By THE ASSOCIATED PRESS  
CHARLESTON, S.C. (AP) — Herbert Ravenel Sass, 75, one of the nation's best known writers on wildlife and nature subjects, died Tuesday. He served on the editorial staff of the Charleston News & Courier for 50 years as a reporter, state news editor, city editor, and assistant editor. He was born in Charleston.

NEW YORK (AP) — Eugene Higgins, 82, an artist known for his realistic paintings of toiling peasants, slum dwellers, men of the sea and mothers and children, died yesterday. His works are on display in many of the world's most famous art museums. He was born in Kansas City.

Ballistic Missile Turns Out To Be Dud

CAPE CANAVERAL, Fla. (AP) — An Atlas intercontinental ballistic missile blasted off at 12:48 p. m. today but apparently blew up about two minutes after leaving its firing pad.

The "Big A" roared straight up for about 30 seconds, then arched slowly over toward the east, leaving a vapor trail.

Two minutes after the start of the flight, observers saw a huge ball of fire and the Atlas could no longer be seen.

There was no immediate confirmation from the Air Force on what happened.

The Atlas was the same one the Air Force attempted to launch last Saturday. It belched fire and steam on that occasion but its engines were cut off by the test conductor a split second before it would have roared skyward.

Good Progress

(From Page One)

All other schools in the county were believed to be back in session today, according to school superintendent John Mallory.

Roads which the highway department expects to have opened today or tomorrow include: LR 61074, 75, 76, 77 and 54, all in Zimmerman Hill section adjacent to the radio tower; bulldozer is working there today.

Expectations are that the roads will be cleared today; in Scandia area, LR-61039, 61069, two dozers working there, expected to be cleared today; in Sugar Grove area, 61026 north, 61055, bulldozer and V-plow expect to clear today; in Freehold Township area, 61051, 61061, hope to move some equipment into that area today; in Lottsville area, 61070, 61071, hope to have equipment in that area by tonight; in Pittsfield area, 61022, bulldozer working on route, also on 61023, hope to have both open today.

In Columbus area, 61017, runs in from Bear Lake to New York State, expect to send large truck over there by tomorrow at latest; in Spring Creek area, all open; in Tidouite area, 61010, 11, 12, truck will open them today.

Events Canceled By Wintry Cold

It is assumed the Weather Man can be blamed for disappointment of about 150 Warren County Shrine Club members who had made reservations for the oyster supper at White Way Social Center tonight. Latest information is the oysters failed to arrive and the affair has been postponed.

Bernard L. Wingert, associate county agent, advises the countywide 4-H leaders' gathering planned Friday at the White Way Social Center has been postponed until March 11.

Cub Pack 14 of Russell has postponed until March 1 the annual Blue and Gold dinner planned for Saturday night of this week.

Announcement is received from Lander that the World Day of Prayer service scheduled this Friday has also been canceled.

Fearing continued cold weather next week, officers of Golden Age Society have called off their regular meeting on Monday.

January Sales Of U. S. Bonds Best In 24 Months

WASHINGTON, D. C.—January sales of Series E and H Savings Bonds were the best for any one month of the past 24 months, the Treasury reported today.

The combined E and H sales of \$510 million—\$405 million of E bonds and \$105 million of H bonds—were 10 per cent above the combined sales of \$465 million in January 1957. The series E bond sales were up 3 per cent and the series H bond sales were up 47 per cent from the January 1957 figures.

James F. Stiles, Jr., the newly-appointed national director of the Treasury's Savings Bonds Division, hailed the January sales as evidence of continued public interest in Savings Bonds as a safe and sound investment.

While sales were increasing in January, redemptions were decreasing by 5 per cent—\$518 million as compared with \$547 million for January 1957. Of the \$518 million in bonds cashed in last month, \$463 million represented the original investment and \$55 million the accumulated interest.

Total holdings of E and H Savings Bonds by approximately 40 million Americans reached another new peak of \$41,686 million by the end of January, an increase—due to interest accumulation—of \$108 million during the month.

The Savings Bonds Division recently announced a sales goal of \$4.7 billion for 1958. The January sales of \$510 million represent 11 per cent of that goal.

TRUMAN PLANS TOUR

PHILADELPHIA (AP) — Former President Harry S. Truman says he plans to embark soon on a speaking tour in behalf of human fellowship.

The ex-President, here last night to receive an award from the Golden Slipper Square Club, a Masonic-affiliated group, said he will make a series of speeches on the brotherhood of man and the fatherhood of God. He did not say when he planned to start.

For the smoothest frostings... use JACK FROST SUGAR

The secret of a perfect frosting is new Jack Frost 10-X Confectioners Sugar. It dissolves instantly, blends smoothly with other ingredients.

**JIFFY CHOCOLATE FROSTING**  
(top of two 8-inch layers)

3 squares unsweetened chocolate  
1 1/2 cups sifted Jack Frost New 10-X Confectioners sugar (about)  
2 tablespoons hot water, 1 egg  
4 tablespoons softened butter or margarine  
Dash of salt, 1 teaspoon vanilla

1. Melt chocolate over hot water. Add sifted Jack Frost New 10-X Confectioners Sugar and hot water. Mix thoroughly. Add egg. Beat well.

2. Add butter or margarine, 2 tablespoons at a time. Beat until smooth.

3. Add salt and vanilla. Spread on warm cake. Let stand until set.

Cautious Reaction 1958 Prospects Reported on Ike For Co. Farmers Foreign Aid Plan To Be Discussed

WASHINGTON (AP) — Sen. Aiken (R-Vt.) said today Congress should be cautious about making any drastic cuts in foreign aid "lest it add to the recession in this country."

But Sen. Mansfield (D-Mont.) said President Eisenhower's request for \$3,942,000,000 in new foreign aid funds is "much too high and can be shaken down."

These were samples of congressional reaction to Eisenhower's message spelling out his foreign aid request for the fiscal year starting July 1. The reaction ranged from outright support to outright opposition, and indicated the program faces a tough fight.

A few hours after the message was released, the House Government Operations Committee made public a report calling for a "hard-headed re-examination" of U.S. arms aid abroad. This report said, "The wastage is too great to be ignored."

What are business prospects for 1958 for Warren county farmers and other industries? An answer to this question will be presented at a meeting announced by County Agent O. C. Tritt and scheduled in the small courtroom of Warren county courthouse at 8:00 p. m. Wednesday, February 26. All interested persons may attend.

Participating with local farmers in the discussion will be a team of extension agricultural economists from the Pennsylvania State University, William Johnstone, William Carroll, and Ted Robertson. Close observers of farm marketing conditions, they will present some of the factors likely to influence farm business conditions during the coming year.

Mr. Johnstone points out that, with today's fast changing markets, farmers and others profit by taking the future prospects into consideration in marking their business decisions.

County Agent Tritt indicates that, following the meeting, additional information material on the 1958 economic outlook will be mailed to Warren county farmers who request it. This is intended to help them keep abreast of changes occurring in the farming business picture.

TO DIE IN CHAMBER

SAN DIEGO, Calif. (AP) — Raymond L. Cartier, 29, was sentenced yesterday to die in California's gas chamber for the slaying of his wife, Geneva, 32, formerly of Meadville, Pa. Mrs. Cartier's body was found in the burned ruins of their apartment last Nov. 11. A jury found Cartier guilty of first-degree murder on Feb. 5.

FREIGHTER ON FIRE

MANAMA, Bahrain (AP) — A British freighter that put into this Persian Gulf oil port on fire and with 150 tons of explosives aboard exploded at her anchorage last night.

The ship's agent said 53 persons were killed and 19 were injured. The fire and explosion caused no damage to oil tankers nearby and did not endanger harbor installations.

The average person hears about 25 thunderstorms per year, according to the Encyclopedia Britannica.

## RADIO and TV

By CHARLES MERCER  
NEW YORK — Tomorrow evening Victor Borge will offer the third "half" of his "Comedy in Music" on CBS-TV, an annual event that is well worth a twist of any viewer's dial.  
Borge prefers not to call it a mere continuation of his two previous fine TV solo performances, but "something entirely new—the sort of thing you can't do alone." He will be joined by dancers Bambi Linn and Rod Alexander, singer Doretta Morrow, 12-year-old piano prodigy Abbott Lee Ruskin, and a 46-piece orchestra in this show which he wrote himself.  
"I've consciously limited myself to one television appearance a year," he said, "but as you grow older the passing of a year seems like the passing of a month."

I'm constantly discussing plans for more frequent TV appearances, and there is one idea that does appeal to me.

"Once a month or once every two or three months I might like to do a show that would be something like a park concert—a full orchestra and some of the leading instrumentalists and singers of our time who are not being heard frequently enough. We are constantly seeing things on television that are repetitive—like Westerns for instance. Why not something different?"

"Scientifically we are reaching for the heavens these days, yet in the musical arts we already have achieved some divine performances. It seems a paradox that so many of our great performers are heard so seldom and by such relatively small audiences."

"What has been ignored too often on television is musical value. It's too often forgotten that great artists are entertaining. I'd like to do a show that presents some of these great artists, not with the traditional stuffiness of the concert hall, but to make their work attractive to people who never have had fine music made at tractive to them before."

"I'd like to integrate these things with some warmth and humor. An artist can be democratized with out any loss of dignity to himself or his work."

## SUGAR GROVE

SUGAR GROVE—Trustees of First Presbyterian church named the following officers at their organization meeting: Robert Morgan, president; Richard Hiles, vice president; Ray Gruber, secretary-treasurer.

Another church event was the monthly family supper, with about 30 present. Wives of elders were the committee and Mrs. Norman Abbott arranged the attractive Valentine centerpiece. Rev. Fisher presided at the brief meeting, members voting to accept suggestions and plans from trustees for church property improvements. The usual offering for the fund was asked.

Mrs. Ralph Beedle, Chandeliers

Valley, was honored with a shower party at the cafeteria house, for which hostesses were Mrs. Lloyd Porter, Mrs. Stuart Andersen and Mrs. Rodney Barlow, assisted by Mrs. Carl Al-lenson. The evening was spent by the 30 guests in games and contests, with prizes going to Mrs. Guy Summerson, Mrs. Rudy Burkholder, Mrs. Hayden Nobbs, Mrs. Donald Barrett, Mrs. Kenneth Dunham and Mrs. Mike Bunez. Mrs. Beedle was presented a crib and sheets for her twin sons, Dennis and Daniel, who will be brought home from WCA Hospital this week.

Mrs. John Neece and infant daughter, Geianne Marie, are home from Jamestown General Hospital. Her mother, Mrs. Ello Erneston, of Seminole, Pa., is

spending two weeks at the Neece home.

Mr. and Mrs. Glenn Ruhman attended the Industrial Management Ladies' Night Party held at the Warren YMCA. Guests at the home of Mr. and Mrs. Walter Storms have included Mr. and Mrs. E. L. ## Dilworth Scotches New Effort to Get Him In Campaign

PHILADELPHIA (AP) — Mayor Richardson Dilworth has scotched a new attempt to get him to run for governor.

He has declared himself a candidate for reelection in 1959, "whatever the attitude of the Democratic City Committee."

"I always intended to run again," he told reporters yesterday.

It was the uncompromising opposition of Rep. William J. Green Jr., Democratic city chairman, that caused Dilworth last Saturday to withdraw from consideration as a candidate for governor.

Rebuffs came also from two other party leaders, Pittsburgh Mayor David Lawrence and Sen. Joseph M. Barr State Democratic Chairman.

In a speech before a group of Democratic women in Washington last week Dilworth said he favored recognition of Red China. Both Lawrence and Barr quickly dissociated themselves from such sentiments, the former asserting that the party as a whole didn't think that way, the latter summing up Dilworth's chances for the governorship by intoning "rest in peace."

Yesterday's effort to recharge the Dilworth-for-governor boom was made by Atty. Gen. Thomas D. McBride, whose own name has been mentioned in the wide open contest for the governorship.

McBride, appearing with Dilworth at a fellowship commission meeting, said the mayor should change his mind and try for the nomination.

"I think Mayor Dilworth should still be the candidate for governor," he asserted. "And I have tried to convince him he ought to run."

The mayor said no, however, and when the talk turned to what he might do four years hence, he remarked only that "the question of age enters into it." Dilworth is 58.

### ESCAPEE SENTENCED

A Union City man who on January 15th fled the jail there, Monday in county court drew 23 months in the county jail and a \$200 fine for charges of prison breach and false pretenses. The defendant, Robert Barton, R. D. 1, Union City, was told by Judge Samuel Y. Rossiter that he would sign a parole order as soon as Barton paid up the fine and costs. Another condition for the parole is restitution for bad checks he issued, and to pay the Borough of Union City the costs of returning Barton to face charges. Barton was in Union City jail on a bad check charge when he walked away. He was apprehended January 16, in Salamanca, N. Y., and was returned to Union City by police officials. The false pretenses count was filed against him for giving a \$1023 check to store owner, John Wentz, R. D. 3, Beaverdam road, Corry.

### "STORM STORY"

Titusville Herald: Lewis Goodwill of Titusville, RD 1, a woods worker near Sheffield, on Sunday and arrived in Titusville at noon Wednesday. His car, a new Buick, didn't make it—it's stuck deep in the woods between here and Sheffield. Mr. Goodwill used several methods of transportation in making his way to Titusville: hitchhiking, tractors, bulldozers and the Greyhound bus. Surprisingly, he didn't spend one cent until he arrived at the Titusville Herald where he paid for a subscription. People gave him his meals and shelter in exchange for his help. Mr. Goodwill and one of the men who works for him took along some pancake flour, maple syrup and meat in case they ran into some needy people. Between Falconer and Jamestown, N. Y., they stayed with a family of six children who were out of supplies. The food brought to the family by the two men was said to be a godsend.

## Business Mirror

By SAM DAWSON

NEW YORK (AP)—Costly food to hold the family budget within bounds. The cost of growing, processing, distributing and merchandizing food worries the industry. It is seeking new means of holding costs within bounds.

Much has been done. The National Assn. of Food Chains says increased warehouse efficiency has cut these costs 76 per cent in 10 years, and store operating efficiency has cut receiving and storage costs 50 per cent. At a recent national meeting, food chain executives swapped experiences in slicing pennies here and there off distribution costs.

Food industry leaders insist that despite higher food prices, the rising costs—largely of late in transportation and labor—trimmed the net return on the dollar of food sales last year.

Like many other industries, food processors and merchandizers alike have tried cutting overhead by such devices as mergers and cooperative buying. Some of the other things they're trying:

Bakeries are going in for more automation—such as conveyor belts that take pans in and out of ovens, in and out of coolers, carry the loaves to slicing and wrapping machines and finally to the shipping platforms.

Meat packers are consolidating operations and looking for cheaper distribution. They seek savings through new antibiotic and even nuclear processing experiments for preserving meat and through chemicals that tenderize less choice cuts.

The Produce Packaging Assn. says that now supermarkets sell 80 per cent of fresh fruits and vegetables unpackaged. It thinks a trend toward packaging will put half the produce under wraps within two years. This is expected to cut the cost of retail handling by a seventh.

The Folding Paper Box Assn. foresees more packaging of meats and produce at point of production, aimed at insuring quality, reducing spoilage and saving cost of packaging operations at the store.

The cost of packaging itself is also being tackled.

Packaging costs average 20 per cent of sales of grocery manufacturers, according to Donald Deskey, industrial designer. The food processors look to the designers for a double-barreled attack on the profit squeeze problem. To cut packaging costs they are calling for more efficient materials, processes and techniques—accenting the competitive battle between the makers of boxes, jars, squeeze bottles and tubes. To boost sales—and cut the cost per unit through sales volume—they are seeking the most arresting and appealing designs.

Industry leaders planning cost-cutting drives include: Porter M. Jarvis, president of Swift, who looks to consolidations and modernization to aid meat packers beat rising costs; Joseph B. Hall, president of the Kroger food store chain, who says closing of smaller outmoded stores and opening of larger outlets with adequate parking facilities will let the groceries get the most out of the sales dollar; and Ralph W. Burger, president of the Atlantic & Pacific chain, who says stores must cut costs because the housewife is keeping a sharper eye on the 25 per cent of the family budget which usually goes for food.

TO REPLACE FED. FOOD A Harrisburg dispatch says the Property and Supplies Department has promised it would replace some \$25,000 worth of federal surplus food destroyed last week in a multi-million dollar fire in Erie. Andrew M. Bradley, department secretary, said the surplus food was stored in an Erie warehouse, owned by M. V. Irwin, which was destroyed by the flames. Bradley named James P. O'Brien, field director, to expedite delivery of the federal food to replace that lost in the fire. He said the department has arranged for five freight car loads of the food to be sent to Erie with "almost daily average of the food to be made". The shipments will include 80,000 pounds of flour, 40,000 pounds of corn meal, 30,000 pounds of cheese and 30,000 pounds of rice for the 18,500 persons in Erie County listed as needy and eligible for the food.

## Sir Winston Is Battling Couple Serious Ailments

By HARVEY HUDSON

ROQUEBRUNE—CAP-MARTIN, France (AP)—Sir Winston Churchill, battling pneumonia and pleurisy, spent a "fairly comfortable night," his secretary said today.

The 83-year-old former British Prime Minister, a warrior in military and political campaigns since the turn of the century, seemed to have the upper hand in his new bout with illness.

"Sir Winston is in good spirits," his private secretary Montague Browne said. "He passed the day reading papers, talking to his family and dealing with correspondence." He smoked two cigars, Browne noted.

The diagnosis of pneumonia at the base of the lung and pleurisy was given by Lord Moran, Churchill's personal physician who flew down from London, and Dr. David M. Roberts, his doctor on the Riviera.

Churchill came to the Riviera Jan. 15 for his annual winter visit. Monday he visited the yacht of Greek millionaire Aristide Onassis. Browne said Sir Winston apparently suffered a chill during the visit. He was put to bed Tuesday and Moran was summoned.

## Motor Club Board Monthly Meeting

The February dinner-meeting of the board of governors of the Warren County Motor Club held last evening in the Cedar room of the Blue & White restaurant was featured by interesting and informative talks delivered by Judge Alexander C. Flick, Jr., and Assemblyman Allen M. Gibson.

President D. E. Schuler, in charge, submitted a report on his attendance at the Secretaries' and Managers' Conference held in Harrisburg last week.

The membership report for the month of January showed a total of 3,673 on the rolls.

Attending the meeting in addition to those already mentioned were: Nels Anderson, A. L. Raamussen, H. B. Bowersox, Ralph Brasington, William F. Crossett, Neil K. Culbertson, Ed Lowrey, R. L. Blodgett, Gerould Ostergard, James Springer, William Walker, James A. Blomquist and Mary Corah.

## Gassin' With Stassen!

By MARY HARLAND

Harold E. Stassen, former White House disarmament advisor to President Dwight Eisenhower, announced his decision to go after the gubernatorial nomination Saturday, although he had hinted for some time that he'd like to run for Governor of his adopted state where he once headed the University of Pennsylvania. Recently Gov. Stassen accepted the invitation of Jaycee President Richard Cook to address the annual Jaycee Bosse's Night dinner held at Beauty Cafeteria at which time rumor had it that Stassen might then announce his resignation and make known his decision to jump into the Republican race for the Governorship of Pennsylvania. Out of the throes of that brief visit to Warren, comes these gleanings of the candidate.

A hurried Harold E. Stassen, a hectic train schedule, and a hasty departure from Warren, transformed an otherwise uneventful evening into one I will remember with considerable pleasure. Being a member of the entourage transporting Gov. Stassen from his Jaycee Bosse's Night oratory to his train in Emporium, I was privileged to learn that one of the Republicans' "biggest guns" thinks about as far from politics and probes, the race into space, and missile-age security. Here is a glimpse of Gov. Stassen, the man, in a much lighter vein of good nature, good humor and good American traits. Let us consider that geographically Gov. Stassen claims Minnesota as his home state, where he grew up on a farm overlooking the Mississippi river. There is evidence of mid-western colloquialism in his speech today, as well as a strong echo of nature. The young Harold was educated at the University of Minnesota, where he pursued study in the field of law. Winning public recognition as Governor of Minnesota (R), he served his home state for three terms. One-time president of the University of Pennsylvania, now his adopted state, Gov. Stassen's pre-eminence prior to this time, lay in the capacity of disarmament advisor to Pres. Eisenhower. When not in Washington on official business, Gov. Stassen resides with his wife and teen-age daughter (just 16) in the city of brotherly love, Philadelphia, Pa. (An older son is now married). The Stassens typify the exemplary modern-day American family, with their perilous teen-age problems, to be treated far less lightly than perfunctorily. They highly endorse recreational activities, and after-school jobs to usurp the abundance of youthful energies. The Stassen family favors today's spacious station wagon for comfortable travel; enjoys Hi-Fi, having constructed their own set with component parts using the Bogen turntable; and they favor the outdoor plan for eating, as opposed to the American or European plans. The savory aroma of a sizzlin' charcoal steak done to a turn over the outdoor grill, puts barbecuing number one on their list for things to do on a Sunday.

When it comes to music Gov. Stassen enjoys the modern and classical schools, with the noted Finnish composer, Jean Sibelius, his favorite with whom he actually bears a degree of similarity. The feature of Sibelius which makes him a worthy associate of the world's greatest symphonists is the degree of concentration to be found in his work; and neither is a product of caprice and fancy on the one

hand, nor pedantry on the other. And if my eyes did not let me become overly divergent, I noticed a rather remarkable facial resemblance.

In the world of people and interesting persons a little, Gov. Stassen cites Sir Winston Churchill as a favorite, and he has made a complete collection of the Churchill works, including the one and only novel. Churchill's illustrations are frequently referred to, whereby I offer this incident to point up the magnitude of one of our all-time greats. It was on the occasion of the Visiting American Lawyer's Association held in London, when Sir Winston was given the honor of being speaker of the day. According to Gov. Stassen, it is difficult to believe that a man of his years can come forth with such booming energy, and forceful oratory. As he stood before the speaker's rostrum, Churchill toyed with adjusting the mike and cleared his throat audibly, as though to draw upon his resources for strength. . . then he spoke, and the tone of his voice immediately allowed one to decrease his chronological years.

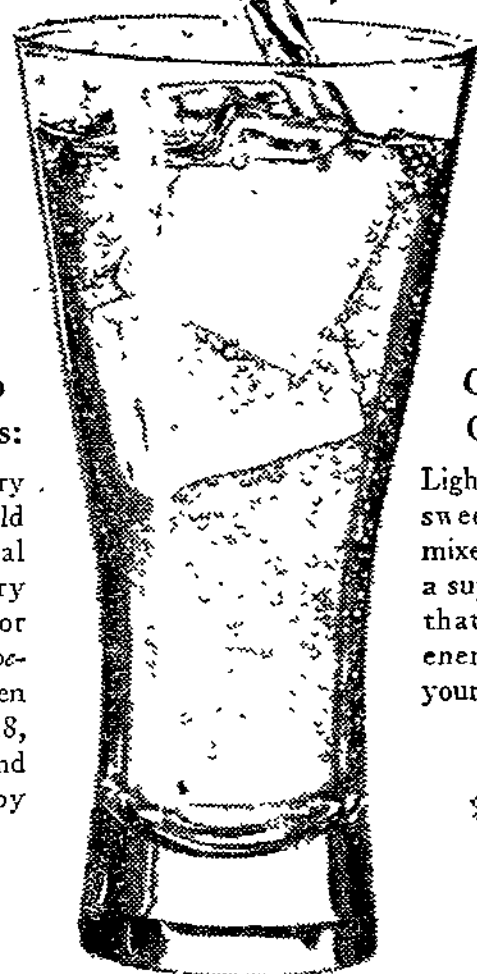

In books, Gov. Stassen thoroughly enjoyed Bernard Baruch's MY OWN STORY, which is and has been a number one best-seller on the list of non-fiction. A personal friend of Gov. Stassen, Baruch rates his praise as a great statesman, as well as an author. Although many autobiographies are edited, Mr. Baruch gets a credit line in his work. Turning to humor, Gov. Stassen chuckled over this one. It seemed that a motorist had lost his direction when caught in a maze of highways surrounding the Pentagon, and harassed by his inability to find his way, stopped to ask a patrolman. Whereupon the friendly "cop-on-the-beat" said, "Well, you take the first left, turn right at the light. . . No, you turn right, then make a left. . . No, that isn't correct. . . matter of fact, you can't get there from here."

His economic view took cognizance of the slump in business, but he predicted an early upturn the second-half of this year, if industry and labor used self-imposed restraints on prices and wage demands. When I asked him "What next in your life?" He indicated that he had until March 21 to make his decision to run for Governor in the Commonwealth of Pennsylvania, but as of Saturday, February 15, he jumped the gun and landed in the lap of the gubernatorial race, sans backslapping. By the time we had reached the rail depot (just a few minutes before the train was due to leave) I had drawn my own conclusions of Gov. Stassen. A man of enormous political stature, he is a man of vision, capable of refreshing frankness, so that ferreting out the meaning of what he said, was not necessary.

And in summation, let me

### QUESTIONS AND ANSWERS

Q—I have to take a physical examination to restate my GI insurance. Is there a time limit on sending the examination report to VA?

A—The report should be sent immediately. If you delay more than five days, you must submit a statement that you are in as good health as you were when examined. If you delay more than 31 days, the report will not be acceptable, you will have to take another examination.

Q—Are "peacetime" veterans entitled to VA hospital care?

A—Yes, but only if they were discharged for a line-of-duty disability or if they are receiving compensation for a service-connected disability.

Q—I am eligible for a VA grant for a "wheelchair house", but I already have purchased a home on my own. Could I use this grant to pay off my mortgage?

A—Yes. A "wheelchair housing" grant may be used to pay off the indebtedness of a home.

Youngsville Cub Scouts Annual Blue-Gold Dinner

YOUNGVILLE—Although it was very cold and stormy, and traveling was difficult, the annual Blue and Gold dinner held by Cub Scouts and their leaders had a full attendance and parents joined in enjoyment of a bountiful dinner and interesting program.

Leader William Shune introduced committee members and Den Mothers. Cub Scout Bill Borton read a poem, "My Pop", Robert Wing read a poem, "My Mom", William Bauer gave a tribute to the boys, Mr. Shune read the Den Mothers' Prayer; invocation and closing prayer were given by the Rev. C. J. Franzen.

Table decorations were in blue and gold and were many and varied. Tents, tepees, forts, a heart tree, and other lovely things, with gold and blue candles "Happy Birthday" was sung to the Pack, which is celebrating its 10th birthday. Mr. Shune led in group singing.

Awards were given the boys following the program. They were called up in groups and, as they received their awards, a candle was lighted for them in the ceremony board. They were the Bobcats, the Wolves, the Bears and the Lions.

NAMED FORESTER

JAMES K. VESSEY

James K. Vessey, assistant regional forester at Milwaukee, will be promoted to regional forester for the southern region with headquarters at Atlanta, succeeding C. Otto Lindh who retires February 28th after 33 years of service, according to Richard E. McArdle, chief of U. S. Department of Agriculture's forest service. In his new position, Mr. Vessey will be responsible for administration of national forests in the eleven states extending from North Carolina to Texas and for cooperative work with the states and private landowners in tree planting, fire protection, and technical assistance to small woodland owners. Mr. Vessey is married to the former Norma Andievs of Warren. He was born in Mont Clare graduated from Penn State, and was first employed on the Allegheny National Forest in Pennsylvania as assistant.

Income Tax Facts About Reporting On Tips in 1957

Many inquiries have been received from taxpayers in the Pittsburgh office regarding the taxability and reporting of tips as income on their 1957 income tax returns. Under the Internal Revenue Code tips are considered taxable income to the recipient and are regarded as compensation for personal services actually rendered. Therefore, being taxable income, they should be reported together with salaries and wages on the individual's return.

The receiving of tips is not an uncommon situation with most individuals engaged in rendering public services. Examples of this type of employment are headwaiters, waitresses, taxicab drivers, bartenders, bell-hops, porters, car-hops, carwashers, and hat check girls.

Many individuals in this type of employment work for a minimum wage but depend on tips for their livelihood. In fact, there are known cases in this area in which persons will actually pay a fee for positions or jobs on the basis that tips are lucrative. Past experience in the Pittsburgh office shows that many of these individuals estimate or guess the amount of tips received which are to be reported on their tax returns. These individuals are not abiding by the Federal law, in that it is very specifically stated that persons receiving tips should keep adequate books and records to substantiate this type of income.

In the absence of adequate books and records, the Internal Revenue upon examination may reconstruct the amount of income that should have been reported from this type of gratuity. At times it is based upon a percentage of gross income or salaries reported and in other instances, it is based on similar returns and situations in this office.

Taxpayers should be cautioned against both underestimating and not reporting this type of income in that failure to comply with regulations carries very severe penalties and at times fraud is involved which may result in jail sentences.

## Brokenstraw Joint School Band to Have New Uniforms

Among important matters taken up at the February meeting of Brokenstraw Joint School Committee was selection of new band uniforms, black with scarlet and white trim, and placement of an order for 66. Delivery has been promised in time for the Spring Concert in May, which is open to the public without charge.

The low bid of \$260 from Youngsville GLEF Service, Inc., for a deep freeze unit at Grand Valley school was approved but a quotation for a stainless steel sink in the Lottsville cafeteria was tabled until further bids are received.

The board approved employment of Carmen Bianco, Lee Hyatt and Mrs. Mary Morgan as full-time substitutes for the second semester. Mr. Bianco will teach classes formerly assigned to James Cable, on sabbatical leave for study; Mr. Hyatt will take over classes of Orval Borton, on leave for health reasons; Mrs. Morgan will instruct Irvine fifth grade for Edith York, on leave for the same reason.

Resignations were received with regret from Eleanor Onest, Mrs. Margie Finlan and Mrs. Vivian Smith. Miss Onest is enrolled for graduate study at University of Pittsburgh; the others stated they are retiring from the teaching profession.

Approval was given transportation by bus of school groups participating in events at other schools; plans and specifications for fencing the athletic field were approved and bids will be solicited upon completion of grading.

Supervising Principal H. J. Sherwood stated in his report five student teachers from Edinboro STC will be working in the high school this semester; Martha Loresch and Susan Porter

teaching art under the direction of Carl Campbell; Mrs. Dortha Taylor working in English and guidance under Katherine Adams and Edward Turchan; Donald Schraeder, in mathematics under William Praetzel; and William Keppel working in social studies with Mr. Pierce and Mr. Frelick.

Mr. Sherwood was permitted attendance at a regional job conference in Erie, called to discuss feasibility of accelerating school, public and non-government construction, and other public and private spending, to cushion the impact of the current recession.

Board President Oviatt reported for the committee which looked into possibilities of remodeling Youngsville Elementary building, and this, too, was tabled for further investigation. Mr. Sherwood was directed to communicate with the Department of Public Instruction and request services of a building consultant to assist with further planning.

Mr. Oviatt also read a letter from Burgess Lewis Chippen, asking that the school district cooperate with borough council in making a survey of community recreation needs. Mr. Chippen announced council has agreed to enter a Community Improvement Contest sponsored by the State Chamber of Commerce and showed how the survey and contest are related. Cooperation was assured, with Mr. Lyon and Mr. Sherwood serving as school representatives on a survey committee.

Also in Mr. Sherwood's report it was noted reimbursement of \$2,623.28 has been received for driver-education. The librarian's report showed a January book and periodical circulation of 1,709 volumes, with average daily circulation of 83.

## Candidates Prepare to Start Getting Signatures Tuesday

Candidates in primary election May 20 may begin circulating petitions next Tuesday which is the first legal date for signatures.

On that date, State Senator Leroy E. Chapman, Assemblyman Allen M. Gibson and Congressman Leon H. Gavin, all of whom have announced their intention to seek re-election, will begin formal campaigning, along with other office seekers.

Remainder of the Election Calendar for 1958 is as follows: March 17 last day to file candidates' petitions.

March 20 last day an elector may move from one election district to another in order to be eligible to vote at the primary.

March 31 last day to register to vote at Primary. This includes electors who will become of age on or before May 21.

March 31 last day to change non partisan or party enrollment.

March 31 last day to report removal from one district to another.

April 21 last day to report removal within the same district.

April 25 First day to mail Military Ballots for Primary.

May 10 Last day to ask for assistance.

May 20 Primary.

May 26 First day to register after Primary.

September 4 Last day an elector may move from one district to another.

## Emergency Food Will Be Shipped to State

By JOHN KOENIG JR.

WASHINGTON (AP) — The Agriculture Department has declared an emergency in distribution of surplus food in Western Pennsylvania and has agreed to ship 25 carloads immediately to feed the unemployed and needy.

Agriculture Secretary Benson agreed to speed dispatch of the food when a request was put to him at a meeting yesterday with Pennsylvania congressmen, state administration officials and labor representatives.

"This is a bipartisan matter," Sen. Clark (D-Pa.) told newsmen. "The important thing is to get food to hungry mouths."

Torpedo, who have been ill with flu.

Wilma, Doris and Sarah Wentworth attended young people's meeting at First Baptist church in Tidioute Sunday evening.

Nellie Wentworth, who celebrated a birthday February 18, extends her thanks to the many friends who sent cards, gifts and a beautifully decorated birthday cake. The surprise party planned for her by Mrs. Mary Dey was canceled because of the snow and cold.

## COLE HILL

COLE HILL—Church service at the Garland Methodist church were canceled, also Sunday school at Torpedo, because of the deep snow and bitter cold weather. It is reported 14 degrees below zero were recorded on Davy Hill.

Mrs. Bernice McChesney celebrated her birthday February 13 at her home in Torpedo with a family dinner and birthday cake baked by her daughter, Mrs. Alice Van Guilder.

Visitors at the Ray McChesney home have been Mr. and Mrs. Robert Colvin and family, Clarendon; Mr. and Mrs. Marshall Van Guilder and family, Torpedo; Mr. and Mrs. Ellis Martin and daughter, Nancy, Youngsville; Mrs. Guy Rhoades and daughter, Mary, Pittsfield.

Mr. and Mrs. Don Sherman and daughters, Linda and Rite, of Columbus, were Sunday dinner guests of Mr. and Mrs. Glenn Eastman.

Mr. and Mrs. Laverne Holden, Naples, N. Y., were Sunday dinner guests of their grandparents, Mr. and Mrs. L. L. Dey,

## Herb Score Seems Ready to Pick Up Where He Left Off

TUCSON, Ariz. (AP) — If his first major workout is any indication, Herb Score is ready to pick up where he left off last season when an accident almost ended his sensational pitching career.

"I can see the ball much better than I could when I worked but last fall," the fireballing Cleveland Indian southpaw said. "I don't have any doubts."

"In fact, I don't believe there is any difference in my eyesight at all. Personally, I feel much better now. I know I have more confidence."

Score almost lost the sight of his right eye when hit by a line drive off the bat of the New York Yankees' Gil McDougald May 7. For months, his future was in doubt.

He had been considered one of the major leagues' outstanding pitchers after posting a 20-8 record in 1956 but there had been doubt whether he ever would regain his confidence even if he regained his eyesight.

Yesterday, he pitched to his hard-hitting teammate Rocky Colavito in a special drill to test his arm and his reaction to batted balls.

After the workout, Colavito predicted: "Herb's going to be all right. He looked 100 per cent better today than he did when he began to work out late last season."

At first Colavito tried to hit the ball away from the mound.

But Score told him: "Don't worry about it. Hit 'em this way. It's got to start sooner or later and it might just as well be sooner."

"He reacted real good," Colavito said. "He had confidence. He looked like the old Herb Score. It sure made me feel good."

## Temple and Duke Seem to Have Stamps of Champs

By DON WEISS

The Associated Press  
 Temple and Duke, a couple of basketball stretch runners, are driving toward the postseason college tournaments with the stamp of a champ.

Both Temple, No. 6 nationally, and Duke, No. 7, were off their feed in road games but straightened out in the late going to keep their budding winning streaks intact.

Temple's went to 13 with a 61-49 victory over Wake Forest at Winston-Salem, although the Owls' hit only 20 per cent of their first half shots. Guy Rodgers managed only 14 points and the Deacons trailed by only five points with less than four minutes to play.

Duke, winning its 10th straight for a 15-5 record, needed a 16-point streak midway of the second half to wrap up Navy 77-63 at Annapolis after the Middies led by eight with 12 minutes left.

Navy outscored Duke 17-2 to move into a 46-38 lead before Duke Coach Hal Bradley switched to a zone defense. That did the job as the Devils reeled off 16 straight points for a 54-46 advantage.

Kelly Coleman, Kentucky Wesleyan hotshot, bagged 40 in an 83-69 whipping of Louisville.

La Salle and Villanova were winners in a double-header at Philadelphia's Palestra. Sub Tom Garberina came off the bench after La Salle stumbled for five minutes and scored 20 in leading an 86-60 rout of Scranton. Villanova, with 6-8 soph John Scott hitting 19, downed Penn 73-61.

Sophomore Darryle Kouns of Army set a club season scoring record of 492 points with 25 in a 100-81 victory over Williams, and Niagara, warming up for the National Invitation Tournament, bounced the Quantico Marines 86-66.

## Plans for Cage Tourney at Oil City Announced

Oil City YMCA is planning to conduct their annual "Gold Medal Basketball Tournament" for junior independent teams of the tri-state area the week of March 10. The Oilers' X has been conducting such a tournament for over 20 years.

Participants are limited to players who have not reached their 19th birthday. Birth or baptismal certificates must be presented.

No addition or changes can be made unless permitted by tournament director after the roster has been turned in. Entry fee is \$10 per player, and fee with entry blank must be sent to the YMCA in Oil City no later than midnight Saturday, March 8.

Games will consist of four eight-minute quarters with extra periods as defined in the Basketball Rules of 1958. All games will be in charge of registered referees.

First, second and third place teams will receive trophies and 60 individual awards will be presented, also.

## Celtics "Floating" on Eastern Division Lead

By THE ASSOCIATED PRESS

Take a good look like the Boston Celtics. Let 'em lose a few. Are they coasting? Or slumping? That's the question in the push for play-off berths today in the National Basketball Assn.

It looks more like coasting than slumping with the Celtics, who despite a 123-103 defeat by the Philadelphia Warriors last night still have a 62-26 Eastern Division lead. The defeat dipped them below .700 for one of the few times this season.

The decision hoisted the Warriors two games ahead of New York, beaten 116-110 by Syracuse, in their fight for the final playoff berth in the eastern.

Detroit nailed a playoff berth in the Western by eliminating Minneapolis 117-115 in overtime in the only other games scheduled.

PHILADELPHIA (AP) — If Buck Shaw can coach as well as he can handle the press, radio and television boys, the Philadelphia Eagles finally may have the man to lead the club out of the wilderness. Shaw's record both as a college and pro coach is good.

The conference sponsors baseball, basketball, track and soccer. The Franklin County Class B basketball championship will be decided Feb. 22 at the Chambersburg Area Senior High School J.F. House.

Waynesboro Area Senior High and Carlisle Area High each received 55-12 for the first half South Penn Conference playoff game.

The 1957-58 one and one bonus rule in college basketball doesn't take effect until after the sixth personal foul in each half. But it apparently hasn't effected the scoring. During the first 26 games of the doubleheader program at Penn's Palestra in Philadelphia, teams rolled up 3,608 points in 26 games. This year, in the same number of games, the total is 3,603, only five points less.

Ogier Norris, Downingtown, and Jim Norton, Duryea, are cocaptains of Penn State's 1958 track team. . . . ## Hershey's "Run-Away" Lead Whittled Down

By THE ASSOCIATED PRESS  
 Hershey's once "run-away" lead in the American Hockey League is down to a mere two points today and tempers are about as short as the bulge.

Second place Cleveland closed in with a 2-0 decision over the Bears last night that wound up with a free-for-all. Bo Elik, who assisted on the opening goal by Jimmy Moore late in the second period, tussled with Hershey's Gordon Hollingworth to set things off just 5 seconds from the finish.

# Future of Roy Campanella Is Still in Doubt

GLEN COVE, N.Y. (P)—The future of Roy Campanella remained clouded today.

Time may determine whether the 37-year-old Los Angeles Dodgers' catcher will recover from the broken neck he got in an auto accident Jan. 28.

He is in Glen Cove Community Hospital, still paralyzed from the hips down and his muscle strength has not improved.

Harry C. F. Gifford, administrator of the hospital, said yesterday, "The longer the paralysis remains unchanged, the less one can expect for the future."

There was no mention whether he'll ever play baseball again.

Gifford's report said, "The consensus remains that specific predictions can not be made at this time as to degree of neurological improvement." It added on ominous note that the slight improvement shown in the first week has tapered off.

Campanella's general medical condition was termed "satisfactory." The likeable, roly-poly baseball player with the squeaky, high-pitched voice was showing a great deal of interest in his surroundings. He has been listening to the radio and soon will be able to watch television.

Roy's wife says she's not discouraged—"I think it's just going to take time. Anything to do with nerves takes time."

## Speaking of Sports

Fishing from the breasts of state owned or controlled dams or trespassing otherwise on the face of such structures will henceforth be prohibited, according to a joint announcement by the Fish Commission and the Department of Forests and Waters. The safety of those using the dams for fishing and other recreational purposes and to guard against damage that will lead to erosion on dam breasts were cited as the reasons by both agencies for the action. In his statement concerning the new regulation, William Vigt, Jr., executive director of the Fish Commission said: "We recognize that the breast of a dam is a favored fishing area because most such impoundments are deepest at this point. But as all of our dams are of the earth-fill variety, except for the concrete work at the spillways, we must maintain an unbroken sod cover on them to guard against rains or high waters washing the fill or undermining their stone facing. Also, the breasts' sharp slopes pose the danger of drowning to any non-swimmer who might tumble in. Dr. Maurice K. Goddard, secretary of Forests and Waters, disclosed that the cost of maintenance as a result of tramping and other trespass-caused damage on the breast-works of dams under the jurisdiction of his department has been unacceptably high. He added, "Though we do not like to impose restrictions in our parks, what we'll save in repair costs will help us to improve and expand our system elsewhere."

## Cancer Society Trying To Collect Beaver Fund

BEAVER, Pa. (P)—The American Cancer Society seeks to recover \$19,671 it claims was held by its Beaver County unit when the local group was dissolved for participating in federated fund campaign drives.

In a suit filed yesterday, the national society and its Pennsylvania division charged that the Beaver County unit had refused demands to turn over the money.

The society said it had dissolved the local unit in September, 1956, for violating a rule prohibiting participation in united campaigns. The money involved, the national society said, was in the operating account of the Beaver County unit at the time of its expulsion.

# Marlow Looks At TODAY'S NEWS

By JAMES MARLOW (AP News Analyst)

Associated Press News Analyst WASHINGTON (P)—This is an ABC on those six government agencies which make decisions involving billions of dollars. A House subcommittee was supposed to investigate them, it's been making a pretty slow investigation.

Before it really got started the subcommittee fired its counsel, Dr. Bernard Schwartz. He blasted those who voted to sack him as being in an "unholy alliance" with "big business and the White House" to whitewash the investigation.

He charged that some of the 38 men on the boards and commissions which run the six agencies accepted gifts and favors from businessmen and industries affected by their decisions.

THE AGENCIES — called the regulatory agencies—are: The Federal Communications Commission (FCC); Interstate Commerce Commission (ICC); Federal Power Commission (FPC); Federal Trade Commission (FTC) Securities and Exchange Commission (SEC) and the Civil Aeronautics Board (CAB).

They are called independent agencies because they are not directly part of the executive branch of the government. They were created by Congress—starting with the ICC in 1887—and are answerable to Congress.

Although the President appoints the 38 men running these agencies, they must be approved by the Senate. In each of the agencies the chairman gets a salary of \$20,500 a year.

This is pretty good as government salaries go. The members of the president's Cabinet — the heads of the big government departments—get \$25,000. Members of Congress get \$22,500, although in addition they get an expense allowance.

The 38 men running the independent agencies generally have this kind of background or previous experience:

## HAL BOYLE'S COLUMN

By PATRICK MASSEY LONDON (P)—A shy young man walked into Dorothy Wilding's photographic studio one day and had his picture taken.

The day was 30 years ago. The young man later became the Duke of Kent, who died in a World War II plane crash.

Looking back, Dorothy Wilding mused: "That was my first royal portrait. Some years later he came in for a picture with his fiancée, Princess Marina of Greece."

Plump, dynamic and in her late 50s, Miss Wilding has spent a lifetime making pictures of the world's famous faces.

At her discreet Mayfair studio the telephone may ring anytime from Buckingham Palace. Seven times she has been summoned to photograph Queen Elizabeth II.

The first time was a family picture at Buckingham Palace on the coronation of King George VI in 1937.

And when she acceded to the throne, the Queen commissioned a Wilding portrait to adorn Britain's postage stamps.

The Duke of Windsor in his brief reign as King Edward VIII gave up the throne before a sitting could be arranged.

Some years later he kept the appointment at Miss Wilding's studio in New York.

# Loser in Contest For Channel Ten License on Stand

Washington (P)—House investigators today recalled A. Frank Katzentine, whose testimony has brought the names of Vice President Nixon and Sen. Kefauver (D-Tenn.) into hearings on alleged pressures in a Miami TV channel contest.

Katzentine, a stocky Miami Beach radio station owner, was a loser in the four-way contest for the Channel 10 license.

Chairman Harris (D-Ark.) told newsmen has subcommittee hoped to finish with the TV contest before calling Federal Communications Commissioner Richard A. Mack.

Mack is a Miami Democrat appointed by President Eisenhower to the commission in July 1955. Mack voted with the majority when the FCC decided 4-2 last year to give Channel 10 to Public Service Television, Inc., a subsidiary of National Airlines. An FCC examiner had recommended that Katzentine get it.

Mack has termed "distortions" charges that he accepted money in the case and that he was pledged in advance to vote for Public Service.

Katzentine told of two visits to Mack in Washington before the final FCC decision. But he said he never asked Mack to vote for him.

All he wanted, he said, was a vote on the merits of the application. He said he never tried to influence anybody to vote for him.

The names of Kefauver and Nixon were brought into the hearing through letters referred to in the testimony.

In one letter, Nixon was described as the "right man" to approach on behalf of Katzentine. The letter, dated Oct. 13, 1955, was written by Downey Rice, a Washington attorney and friend of Katzentine, to Daniel P. Sullivan, another Katzentine friend in Miami.

In the letter, Rice said he had talked with Bob King, identified as a former aide, about the TV problems. Rice quoted King as saying he would "present it" to Nixon. There was no testimony as to whether the matter ever reached Nixon.

In California, Nixon declined comment. A spokesman said, "The vice president never comments on things like this."

Kefauver, in Madisonville, Tenn., for the funeral of his father, said: "I heard rumors that a majority of the commission had ordered the staff to reverse the examiner. . . . It seemed a rather unusual proceeding and I wanted to see Frank treated fairly. All I ever asked anyone was to decide the matter on its merits. . . . I don't think an airline ought to have a television station."

## THE MARKETS

NEW YORK (P)—The stock market stepped ahead firmly in moderate trading early today on the heels of bullish news.

Key stocks rose fractions to around a point on a broad front.

The upturn was sparked by the Federal Reserve Board's long-awaited step toward expanding credit. It announced late yesterday it was lowering the reserve requirements of member banks in an anti-recession move.

At the same time, news after the close showed the "short interest" in the New York Stock Exchange had risen more than a million shares to its highest in 26 years. This represents the shares borrowed by traders in the hope that they will be able to re-buy the shares later at a lower price. The effect is to put a "cushion" under the market.

Many shorts covered today to protect themselves against losses. Steels, motors, base metals, aircrafts, rails and some oils joined in the general advance. Tobacco recovered slightly from their setback yesterday.

# American History Month Designated By Gov. Leader

Governor George M. Leader has designated the month of February as American History Month, in cooperation with the program of the Pennsylvania State Society of the Daughters of the American Revolution.

In his statement, Governor Leader said:

"As Americans, we have a vital historic tradition. Our past is a story of dynamic growth, both of a Nation and of a government of democracy and freedom."

"We in Pennsylvania have an especially rich history for our Commonwealth was scene of many of the key events in the birth and development of our Country."

"In this time of tension and struggle, it is important that we should review the history of our Country, that we should be familiar with the events that went into the building of America. In recognition of this fact, I am happy to designate the month of February 1958, as American History Month for Pennsylvania."

## Discovery of Skeleton Ends Prison Mystery

Nashville, Tenn. (P)—A skeleton found under a concrete floor at the state prison has ended a 19-year search for a missing convict and opened a nationwide hunt for a fellow prisoner on a murder charge.

Jack Youngblood, who finished a six-year highway robbery sentence in 1940, was charged with killing Paul Joe Payne, 21, after a dice game in the prison metal shop in 1939.

Officials said a second prisoner implicated in the slaying was Dick West, a prisoner convicted of murder who was himself stabbed to death in prison in 1951. West's slayer was exonerated on a self-defense plea.

Three other prisoners still serving time for murders in the early 30s were removed from the prison for questioning in the case, and for their own protection.

Two of them told reporters they witnessed Payne's death.

## Crucible Steel Company Earnings Reported Down

Pittsburgh (P)—Crucible Steel Co., reports its 1957 earnings were down nearly 50 per cent over the 1956 total.

The company said yesterday that 1957 earnings were \$6,543,594, equal to \$1.73 per share of common stock, compared with 1956 earnings of \$12,767,625, or \$3.51 per share. Sales in 1957 amounted to \$225,938,306, compared with \$263,922,898 the previous year.

Joel Hunter, Crucible president, attributed the reduced earnings to an expenditure of 16 million dollars in new facilities which, he said, "will contribute greatly to profits in the years ahead."

**WRECKAGE FOUND** NAPLES, Italy (P)—The wreckage of an Air Force plane that carried a western Pennsylvania officer and 15 other men to their deaths has been found on a rugged slope of volcanic Mt. Vesuvius.

The plane, found yesterday, had been missing since Saturday on a flight from Germany to Turkey. The dead included Capt. James W. Foreit, the son of Mrs. Emma K. Probletski, of Scottsdale, Pa.

**COLLEGE APPOINTMENT** GROVE CITY, (P)—Grove City College today announced appointment of Robert D. McKay as director of admissions.

McKay, who takes over the post immediately, will continue to serve as dean of men the remainder of the school year. His appointment will relieve Dr. H. O. White of his admission duties and allow White to devote full time to his duties as registrar.

**NEW MISSILE PLAN** WASHINGTON (P)—The four intermediate range ballistic missile squadrons to be sent to the United Kingdom may all be equipped with the Air Force Thor weapon. That would exclude the Army Jupiter in that area.

The plan—certain to arouse new outcries in Army quarters—is under consideration, it was learned today.

**TREASURY BALANCE** Washington, (P)—The cash position of the treasury Feb. 17: Balance—\$2,759,563,494.98; Deposits—\$43,540,195,065.03; Withdrawals — \$51,566,866,637.81.

# 40-60-176 "Crisis Stops"

## -but Buick's Aluminum Brakes never lost their grip

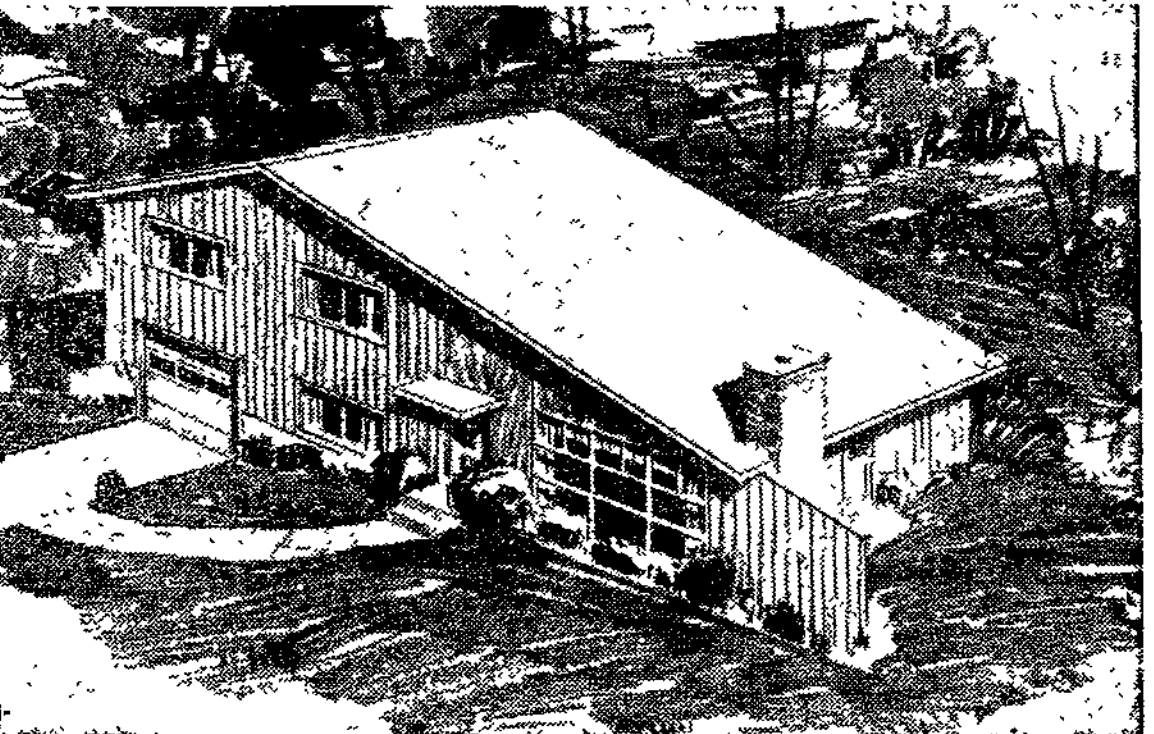

Accelerate to 60—then step hard on the brake till she stops:  
Do it again and again and again—till the heat starts burning out the linings:  
That's what test drivers did in Daytona Beach and in California with new American cars—trying to find which car has the best brakes.  
The 1958 Buick CENTURY went through 176 of these "crisis stops"—up to 8 times more stops than other cars tested—and the brakes were still gripping strong. No other car's brakes measured up to this phenomenal performance.  
That's because Buick brakes are air-cooled aluminum brakes—and aluminum gets rid of heat three times faster than other brake drum metals:  
If you want brake power that's built to match horsepower—you'd better buy Buick.  
Aluminum front brakes are standard on CENTURY; SUPER, ROADMASTER 75 and LIMITED, optional at extra cost on SPECIAL Series.

PLAN HA17-P

A HANDSOME SPLIT LEVEL, this seven-room house has an unsymmetrical roof line which combined with the vertical siding and plywood panels over the great glass area of the facade blend to give a look of luxurious contemporary styling. The house has three bedrooms and 2 1/2 baths and has 1,104 sq ft on the first floor level. The den, garage, laundry, lavatory and terrace add 706 sq ft. The plan, HA17-P, is by Architect Samuel Paul. 89-51 164th St., Jamaica 32, N. Y.
